Selectmen's Report

..... Let us develop the resources of our land, call forth its powers, build up its institutions, promote all its great interests and see whether we also in our day and generation may not perform something worthy to be remembered.

Daniel Webster

2. POWER OF SELECTMEN.

Selectmen are not authorized to exercise the powers of a town but only to manage its prudential affairs and to perform the duties by law prescribed. Their duties with respect to prudential affairs empower them only to do such acts as are required to meet the exigencies of ordinary town business.

Opinion of the Justices

To All Residents of the Town of Hooksett:

The Board of Selectmen are pleased to submit herewith their annual report for the year ending December 31, 1972.

The year 1972 has inexplicably but definitely indicated that the people of Hooksett are capable of looking ahead and planning for a future of growth and progress and at the same time, are able to look back into history and honor the heritage of the past.

1972 marked the sesquicentennial year of the existence of the Town of Hooksett. The success of the celebration commemorating the establishment of Hooksett as an incorporated Town, far exceeded the expectations of this Board of Selectmen. We shall never forget the spontaneity of nearly six thousand people on the final night of the celebration when they were present at the pageant depicting historical events prominent in Hooksett's past. We extend our heartiest congratulations to the committees in charge and the hundreds of Hooksett citizens who saw fit to become involved.

From an administrative point of view, the year of 1972 can only be characterized as good. All boards, commissions and departments and the members thereof have functioned in complete cooperation with the Board of Selectmen. We extend our thanks and appreciation to these dedicated people.

The nature of this report precludes a detailed discussion of the many events and happenings that could be of interest to the citizenry of this town. We have tried, in a brief way, to keep you informed of the more important situations and events by the issuance of a series of news letters. This practice will continue in the future.

Taxes are the primary concern of any Board of Selectmen, Hooksett is no exception. The expansion of services whether originating within the town or within the school district must be paid for in large part by the imposition of property taxes, this is the responsibility of the Board of Selectmen. We were fortunate in 1972 in being able to stabilize the tax rate. This was brought about in large measure by the addition of new residential and commercial property to the tax roles. Budgetary restraint was also a factor. If budgetary requests could be geared to estimates of new tax revenue, then the people of Hooksett could look forward to some degree of tax rate stabilization. This board of Selectmen will therefore support any plan that will broaden the property tax base of Hooksett and will endeavor to manage the affairs of the town so as to incur the least expense. We therefore strongly urge the support of all boards, and commissions involved in the expenditure of public funds to extend their co-operation in helping us to attain this very worthwhile goal of a stabilized tax rate.

As we have already stated, there are many, many details of your town government that have not been discussed in this report. Please remember that the door to the Selectmen's office is always open. We solicit your thoughts, observation and even your criticism if you can manage to keep it constructive.

As we conclude this report, may we remind you that you will cast your ballots for all elected Town Officers on Tuesday, March 6th and that the remainder of the warrant will be acted upon 7:00 P.M., Friday, March 9th. Action on both sections of the warrant will take place at the Hooksett Memorial School.

Your interest in and your support of the Town of Hooksett will be indicated by your presence at both sections of this Town Meeting.

Sincerely,

Leslie M. Pike
Lowell D. Apple
Oscar Morin Jr.
Board of Selectmen of Hooksett, N.H.

HOOKSETT

150 Years Great in the Granite State

1972

A YEAR OF CELEBRATION

During the year of 1972 the townspeople of Hooksett gathered together to celebrate the 150th (Sesquicentennial) birthday of the town.

The new town seal now adorns all official papers of the town. The origination of the name of the town has been established as a contraction of the name "Isle Au Hooksett Falls." These items were established by a vote of the people at the 1972 town meeting and will now become a permanent part of the history of the town.

Celebrations and other activities to commemorate this historical event were planned by various organizations, churches, schools, and individuals of the town. The New Years eve ball by the Hooksett Men's club started oft the year followed by the Hooksett Women's Club show both having the "Sesquicentennial Year" as their theme. The Hooksett Schools made the history of the town a part of their curriculum for the year with many fine projects resulting. In the early spring the "Brothers of the Brush" a beard growing contest group and the "Hooksett Bells" an old fashioned gown contest for the ladies were organized, judging during the final week in August was based on various categories with several proud winners and a lot of fun by all. A final week of celebration was held August 5 through August 13. Exhibitions of the town's memorabilia and an old fashioned tavern were set up at Mount Saint Mary College with an outstanding effort of individuals and through the graciousness of the college's administration. The Congregational Church's street fair was held with an anniversary setting, Mount Saint Mary College held open house, the Pinnacle Fish and Game Club put on an old time turkey shoot, several ball games and a tug of war were held at the "Mount" with the H.C. Sound Band, the Young Hooksett Singers, and the National Guard Band providing the music. At the end of the week a teen dance was enjoyed by the young people, an auction of special commemorative coins followed by a firemen's muster with Hooksett coming away the winner in competition with other towns, was held during the day on Saturday. In the evening a commemorative ball titled "The Hooksett Brick-makers and Charcoal Burners Brawl" was held at New Hampshire College. The final day led off with special services at all the

HARRISON ROLLINS

churches, lunches were served and a barbeque by the Knights of Columbus was enjoyed. In the afternoon an outstanding parade by the American Legion Post No. 37 with a reviewing stand, float competition, marching units, fire trucks, antique cars, the Hooksett Twirlers, and state and local officials was enjoyed by nearly all the people of Hooksett, following was a canoe race and a dedication of the town garage in the name of George Cook one of Hooksett's finer former citizens. In the evening a pageant written and directed by our own citizens, with a cast of over 250, developed a living history of the town, fireworks provided a fitting finale of this celebration. A crowd of over 3000 considered the largest ever in our town enjoyed these final activities.

A year of celebration has passed, the decorations are gone, the fun that was had is a fond memory, and the people of Hooksett can truly say that we are "150 Years Great In The Granite State" and for those who follow, we can recommend that a community gathering such as we held, remembering the past, celebrating our present and looking forward to the future, has been a passing in our lives that we are proud of.

The efforts of the many individuals and organizations that have made this celebration a success is gratefully appreciated.

Respectfully submitted,

Your Sesquicentennial Celebration Committee
Harrison Rollins, Chairman

Joyce A. Emerson
Town Clerk

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF HOOKSETT, NEW HAMPSHIRE IN THE COUNTY OF MERRIMACK IN SAID STATE, QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet at the Hooksett Memorial School on Tuesday, the sixth of March next at six of the clock in the forenoon to cast your ballots for Town Officers and for questions required by law to be on the ballot. Polls close at 6:30 P.M.

The remainder of the warrant will be acted upon at the Hooksett Memorial School, Friday, March 9, 1973, at 7:00 P.M.

Article 1A. To choose all necessary town officers for the year ensuing.

Article 1B. Are you in favor of the adoption of the amendment to the existing Town Zoning Ordinance as proposed by the Planning Board? (The effect of said amendment is to strike out all of the present ordinance and substitute therefore the Zoning Ordinance and Zoning Map as recommended by the Town Planning Board.) (On Town Ballot)

Article 2. To see if the Town will vote to appropriate the sum of Four Hundred Sixty-two Thousand Dollars ($462,000.00) for the purpose of constructing additional facilities at the Town's present Sewage Treatment Plant, to enlarge its capacity; to authorize the Board of Selectmen to raise said appropriation by borrowing said sum of Four Hundred Sixty- two Thousand Dollars ($462,000.00) by the issue of Serial Notes of the Town repayable over a period of twenty years, under the provisions of the Municipal Finance Act; and to authorize the Board of Sewer Commissioners to contract for and accept Federal Aid which shall be spent for the project provided the total authorized borrowing shall be reduced by the amount of such Aid. (Approved by Budget Committee)

Article 3. To see if the Town will vote to appropriate the sum of Three Hundred Fifty Thousand Dollars ($350,000.00) for the purpose of constructing a sewer line, with the necessary appurtenances, from Whitehall Terrace, via Whitehall Road and Martins Ferry Road, to serve Whitehall Terrace; to authorize the Board of Selectmen to raise said appropriation by borrowing said sum of Three Hundred Fifty Thousand Dollars ($350,000.00) by the issue of Serial Notes of the Town, repayable over a period of twenty years, under the provisions of the Municipal Finance Act; and to authorize the Board of Sewer Commissioners to contract for and accept Federal Aid which shall be spent for the project provided the total authorized borrowing shall be reduced by the amount of such Aid. (Disapproved by Budget Committee)

Article 4. To see if the Town will vote to appropriate the sum of Forty Thousand Dollars ($40,000.00) for the purpose of employing engineering services to study the available methods for future expansion of the Town's sewage treatment capacity and to make recommendations as to the method most advantageous to the Town, together with a report of cost estimates and recommended time table for construction; and to authorize the Board of Selectmen to borrow said sum of money by the issuance of Serial Notes of the Town, repayable over a period of four years, under the Municipal Finance Act. (Approved by Budget Committee)

Article 5. To see if the Town will authorize the Selectmen to hire money in anticipation of the 1973 taxes, to be repaid therefrom.

Article 6. To see if the Town will vote to give a discount of one percent (1%) on all taxes except Resident Tax and Sewer Rents, paid on or before the fifteenth (15th) day of July, and to grant the Selectmen authority to extend this date if unable to get tax rate from State Tax Commission as of July 1st.

Article 7. To see if the Town will vote to authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the state and local assistance act of 1972 for use as set-offs against budgeted appropriations for the following priority purposes and in amounts indicated or take any other action hereon.

Appropriation	Amount
Fire	$5,000.00
Town Dump	5,000.00
New Highway Construction	20,000.00
Parks and Recreation	5,000.00
Total	$35,000.00

Article 8. To see if the town will authorize the Selectmen to abate the taxes on the Hooksett Airport listed on the town records as Bayside Flying Service for the year 1973 so long as said airport shall remain open for public use as an airport. As provided in RSA 72:38.

Article 9. To see if the Town will vote to raise and appropriate the sum of seven hundred thirty-eight dollars and six cents ($738.06) the state to furnish four thousand nine hundred twenty dollars and forty-one cents ($4,920.41) the same to be expended under the State Highway Department for Class V Town Road assistance or take any action thereto. (Approved by Budget Committee)

Article 10. To see if the Town will vote to discontinue that portion of Old 101B, State Betterment project P 1319, between Station 210 and 50 and station 222 and 98.51, left. Said highway was returned to the town highway system when the curve west of Dubes pond was eliminated by the State Highway Department. (Approved by Budget Committee)

Article 11. To see if the Town will vote to raise and appropriate the sum of six thousand ($6,000.00) tor the purpose of constructing a double tennis court in an area adjacent to Donati Field. This sum is to be matched by Bureau of Outdoor Recreation funds. (Approved by Budget Committee)

Article 12. To see if the Town will vote to raise and appropriate the sum of three thousand dollars and no cents ($3,000.00) to install one new door and motorize the other two doors of the Hooksett Village Fire House or take any action thereto (Approved by Budget Committee)

Article 13. To see if the Town will vote to raise and appropriate the sum of one thousand three hundred and seventy-three dollars and forty cents ($1,373.40) from the town's General Revenue Sharing fund to support the services of the Belknap-Merrimack Community Action Program, Inc. (disapproved by Budget Committee)

Article 14. To see if the Town will vote to raise and appropriate the sum of $6,435.00 said sum to be used to hire one additional fireman to be assigned to the South Hooksett Fire Station. (Approved by Budget Committee)

Article 15. To see if the Town will raise and appropriate the

sum of forty-seven thousand seven hundred and forty-seven dollars ($47,747.00) for the purpose of purchasing the necessary equipment to establish a communication center and manning this center on a twenty-four hour basis. To be located at the present Police Station. (Approved by Budget Committee)

Article 16. To see if the Town will raise and appropriate an amount to maintain membership in the Southern New Hampshire Planning Commission (1973-1974) membership fee based on 1970 U.S. Census figures at thirty-five cents ($0.35) per capita- one thousand nine hundred forty-seven dollars and forty cents, ($1,947.40) or take any action thereto. (Approved by Budget Committee)

Article 17. To see if the Town will vote to petition the New Hampshire State Tax Commission to re-assess the Town for tax purposes, and to raise and appropriate the sum of ten thousand dollars ($10,000.00) in the current fiscal year (1973) the balance of the estimated thirty thousand dollars ($30,000.00) cost of such reassessment to be raised in equal installments in the years 1974 and 1975. (Approved by Budget Committee)

Article 18. To see if the Town will vote to have a tax map drawn, as required by R.S.A. 33:95A. The law requires all towns and cities in New Hampshire, prior to January 1, 1980, to have a tax map, so called, drawn showing the boundary lines of each parcel of land in town and shall be properly indexed. To further raise and appropriate the sum of fifteen thousand dollars ($15,000.00) in the current fiscal year (1973) the sum of fifteen thousand dollars ($15,000.00) in 1974 added to the $3,200.00 raised in 1972, making a total cost of thirty three thousand two hundred dollars ($33,200.00) (Approved by Budget Committee)

Article 19. To see if the Town will vote to pay the special justice, of the Hooksett District Court, twenty dollars ($20.00) for each day or part thereof that he shall serve in said capacity, as provided in R.S.A. 502A:6. (Approved by Budget Committee)

Article 20. To request that the Town authorize the Selectmen and the Library Trustees to enter into an agreement for the lease and purchase of the Duracrete Block Company, Inc. building and land, located at 1359 Hooksett Road, for use as a Public Library facility, at a price not to exceed the sum of $15,000.00 per year for a period of five years. (Approved by Budget Committee)

Article 21. To see if the Town will vote to share the cost of installing a water main on Route U.S. 3 to connect the water mains of the Hooksett Village Water Precinct and the Central Hooksett Water Precinct, to provide an emergency back-up system for both Precincts, providing both of said Precincts shall vote to join with the Town in defraying the cost of such connection, after the cost of any Federal Aid the Town may receive has been deducted, in equal shares; to appropriate a sum not to exceed Fifteen Thousand Dollars ($15,000.00) as its one-third share of the cost of such connection; and to authorize the Board of Selectmen to raise said sum not to exceed Fifteen Thousand Dollars ($15,000.00). (Approved by Budget Committee)

Article 22. To see if the Town will vote to raise and appropriate the sum of ten thousand five hundred dollars ($10,500.00) to extend the present sewer line from the junction of Kennedy and Merrill Drive, a distance of 750 feet up Merrill drive towards Route 3. (Disapproved by Budget Committee)

Article 23. To see if the Town will vote to install a sewer line in Granite Street from the end of the existing sewer in said Street easterly a distance of approximately 700 feet to and including the residence of Curtis Brown; and to raise and appropriate the sum of Ten Thousand Five Hundred Dollars ($10,500.00) for this purpose. (Disapproved by Budget Committee)

Article 24. To see if the Town will vote to establish a Sanitary Land Fill Capital Reserve Fund and to raise and appropriate the sum of $30,000.00 in 1973 for its implementation. Said fund to be held in trust by the trustees of trust funds until the Selectmen have a site approved by the proper New Hampshire authorities. At such time, the trustees are empowered to release all the funds and accumulated interest for the purchase and preparation of the site. The Town is required by state law to have a Sanitary Land Fill operation by July 1, 1973. (Disapproved by Budget Committee)

Article 25. To see if the Town will vote to raise and appropriate the sum of $3,000.00 for the purpose of constructing an office to the South Hooksett Fire Station. Said office to be used so that numerous records as recommended by the New Hampshire Underwriters can be established. (Disapproved by Budget Committee)

Article 26. To see if the Citizens of Hooksett are in favor of making all pertinent literatures of any proposed changes in rules and regulations available to the Citizens, at least two weeks prior to

the first meeting on proposed changes, that we may be better informed to debate the issues at said meeting. Literature to be available at Town Hall, and all General Stores, town people will be notified of availability by news article inserted in all newspapers that cover the area, plus free advertising available with all radio stations in the environment, as news releases.

Article 27. To see if the Town desires to reduce the planning board of the Town of Hooksett from seven to five members and that said members shall be elected officials for periodic terms not more than three years and that said election shall take place at the next regularly scheduled election; and that said membership shall be elected in the following manner:

In the first year of existence
1 member elected to a four year term.
1 member elected to a three year term.
1 member elected to a two year term.
1 member elected to a one year term.

One member of said planning board would be a member of the Board of Selectmen designated by the Board of Selectmen and shall serve for the tenure of his office.

The second year after the inception of said planning board and each ensuing year after the inception of said planning board one member shall be elected by a vote of the people at the annual town meeting and shall serve for a period of four years.

The passage of this article shall become effective at the end of the Town Meeting in the year of our Lord nineteen hundred and seventy-four.

In addition to petition concerning election of Zoning board members. This article shall be pending in the event House Bill 203 passes the State Legislature.

Article 28. To see if the Town will vote to accept and maintain as a public way the first 392.7 feet of a 25 foot waynowknown as Oak Hill Road running easterly from the Daniel Webster Highway as well as the strip of land of equal length adjacent to and southerly of the present way.

Article 29. To see if the Town will vote to accept the Budget, as submitted by the Budget Committee, or take any other action in relation thereto.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and seventy-three.

LESLIE M. PIKE

OSCAR A. MORIN, JR.
Selectmen of Hooksett, N.H.

A true copy of Warrant - Attest:
LESLIE M. PIKE
LOWELL D. APPLE
OSCAR A. MORIN, JR.
Selectmen of Hooksett, N.H.

In accordance with R.S.A. Chapter 32, Procedure under the MUNICIPAL BUDGET ACT, Division of Municipal Accounting, the Budget Committee has held ten meetings in order for it to meet with and hear officers of the Town's Boards, Commissions, Departments, Districts and Precincts explain their proposed budgets. The Public Hearing was held at Memorial School on January 29, 1973 at 7:30 P.M. At this time 88 residents heard all the Articles in the Town Warrant requesting money read and each Article and Budget was presented. Ample time was permitted for comments and questions from the floor on each item.

The Civil Defense budget of $850.00 was approved as presented, no increase from last year.

The Planning Board budget of $2,050.00 was approved, the $600.00 increase included professional services, secretarial services, travel expenses and Hearing Expenses.

The Hooksett District Court budget was approved at $10,510.00. The increase in the new District Court budget over the Municipal Court's budget which was terminated June 1 was in the salary category. The salaries of the Justice and the Clerk of the District Court are determined by the Administrative Committee of the District and Municipal Courts which is an agency over which the Town has no jurisdiction. This budget also includes $350.00 for Answering Service.

The Cemetery Department Budget of $6,635.00 was approved, the increase of $350.00 is for payroll.

The Forest Fire Warden's budget of $2,000.00 was approved, no increase from last year.

The South Hooksett Fire Department budget of $13,400.00 was approved. An increase of $1,400.00 from last year's budget includes $1,000.00 for new hose which is vitally needed and $400.00 for the payroll.

The Hooksett Village Fire Department #1 budget was approved, the $8,000.00 includes a $2,000.00 increase from last year. Payroll, $1,100.00; $650.00 is needed for new hose and the remaining amount of $250.00 is for rising costs in materials and utilities.

The Parks and Recreation Department budget of $9,900.00 was approved. The item, Recreation Programs - $700.00, rather than cut the budget in this amount, the committee suggests that this amount be included for Youth or Senior Citizens programs not programs for the Young Adults or Adults (18-60 years) for they can afford their own recreational expenses. The Commissioners are to be congratulated for this decreased budget over last year's.

The Public Welfare budget of $14,000.00 was approved. An increase of $1,000.00 was determined necessary.

The Arah W. Prescott Library budget was approved at $13,500.00. The increase of $3,025.00 includes $650.00 for wages and $2,375.00 for maintenance and supplies. It should be noted that $1,000.00 of the latter amount is included to provide for any expenses incurred due to the passage of Article 20 in the Town Warrant.

The Sewer Department budget was approved at the requested amount of $57,408.11. The Commissioners have combined their budgets for office expenses and plant operation, with the exception of Commissioners' salaries and they are now in the category of Town Officer's salary. The increase of $18,424.11 includes $8,033.83 for hiring an additional man and for payroll; Social Security $1,213.28; Office expenses of $2,465.00; $1,500.00 Maintenance; $1,225.00 for Insurance and the remaining $3,887.00 is for items of utilities, legal expenses, truck expenses and commissioner's expenses.

The Central Hooksett Water Precinct budget of $55,856.00 was

approved. The increase includes $15,000.00 for its share of the cost for Mains to connect with the Hooksett Village Water Precinct; $75.00 for payroll; office expense, $400.00 and the remaining $4,266.00 is for items of utilities, services and hydrants.

The Hooksett Village Water Precinct budget of $69,077.50 was approved. The $22,270.50 increase includes $15,000.00 for its share of the cost for Mains to connect with the Central Hooksett Water Precinct; $3,400.00 to sandblast and paint the standpipe; $1,800.00 for engineering service; $1,700.00 for legal service and audit. The remaining $370.50 is for hydrants, officers and election expenses.

The Police Department budget of $54,801.00 was approved. Requests included the hiring of two additional full time men, beginning April 1. One to be hired to work days and the other one to work nights. These two men will give the residents and businesses of the Town more watch care and protection. Two additional cruisers are needed. The $12,234.00 increase over last year's budget include the above two items as well as repairs to the cruisers, police training and Comex, telephone and radio.

The Selectmen Budget of $250,400.00 was approved. The increases include salaries for Sewer Commissioners, $1,200.00; $200.00 for the Assistant Town Clerk; $50.00 for the Assistant Town Treasurer and $50.00 for the Board of Health Officer; Office and equipment, $3,000.00; $2,000.00 for retirement and Social Security; Insurance $1,500.00 and $1,000.00 each for the Building Coordinator, Capital Reserve Fund, Damages and Legal Fees and Hydrants. The Selectmen are also asking for an increase of $500.00 for Ambulance Service, $100.00 for Memorial Day and $2,000.00 for the Sewer Contingency Fund.

The Highway Department Budget of $150,600.00 was approved. The increase of $16,000.00 includes Summer and Winter services, the hiring of an additional man and $6,000.00, Rubbish, is for maintenance of the truck and for the operator.

The Hooksett School District budget was approved as proposed at $1,451,814.47. But added to this figure are the amounts of two proposed Articles in the School District Warrant, $650,000.00 to enlarge Memorial School and $10,000.00 for Dual Enrollment. Thus the total of the School District budget is $2,111,814.47. Due to the complexities of this budget only the major increases are mentioned: Tuition, $63,275.00; $53,069.00 for salaries will raise the base for teachers and will employ additional four staff members; $65,718.00 is the Debt Service of the Proposed Addition, Principal and Interest; Insurance $15,051.00; Retirement and Social Security $13,498.00; Transportation of pupils $10,653.00 and $8,805.00 for expenses of Supervisory Union.

Your Budget Committee has taken the following action on the Articles in the Warrant.

The article for the alteration and enlargement of Memorial School, $650,000.00, was approved by the budget committee. It was felt that the details of this article have been presented to the people at several meetings and is subject to the vote of the people.

The article for $10,000.00 for the Dual Enrollment plan was approved and it is hoped that the school board will apply for any grants under RSA 198:21 which will help defray the cost of this program.

The article authorizing the School Board to expend $2,309.44, revenue received from the State of New Hampshire for Dual Enrollment purposes and that this amount be used to offset the cost of 72-73 Dual Enrollment Program was approved.

The article to construct additional facilities at the Town's present Sewage Treatment Plant for the amount of $462,000.00 was approved by the budget committee. The entire cost of this article will be borne by Federal participating Funds, State of New Hampshire participating Funds, and the balance by the New Hampshire College, thereby absolving the Town of Hooksett of any cost whatsoever.

The article to appropriate the sum of $350,000.00 for the purpose of constructing a sewer line from Whitehall Terrace via Whitehall Road and Martins Ferry Road, to serve Whitehall Terrace was disapproved by the budget committee.

The article for the purpose of employing engineering services to study the available methods for future expansion of the Town's sewage treatment capacity at $40,000.00 was approved by the budget committee. This study is required by the State.

The article concerning Revenue Sharing was approved by the budget committee because it sanctions the Selectmen's allocations as stated in Article 7.

The articles for T.R.A. at $738.06 and $1,947.40 to maintain membership in the Southern New Hampshire Planning Com-

mission were approved because they are in the best interests of the town.

The article to construct a double tennis court in an area adjacent to Donati Field was approved because it can have a double use as a Skating Rink.

The article for $3,000.00 to install one new door and motorize the other two doors of the Hooksett Village Fire House was approved for it will add to the efficiency of the department. Also this department is entirely manned by volunteers.

The article requesting the town to support the services of the Belknap-Merrimack Community Action Program, Inc., from the town's General Revenue Sharing fund was disapproved.

The article to hire one additional fireman to be assigned to the South Hooksett Fire Station at 6,435.00 was approved. Due to the lack of available personnel during the day, the budget committee felt this to be necessary.

The article to establish a communication center and manning this center on a 24 hour basis at $47,747.00 was approved by the budget committee however, it is suggested that this article be reduced by $12,000. for manning this center, as it will not be ready for use and the amount was based on a 12 month period.

The article to reassess the Town for tax purposes was approved by the budget committee because the Tax Commission stated it would not continue the appraisal of the Town after 1973 and it was felt that this would be in the best interest of the town.

The article to have a tax map drawn was approved by the budget committee in conjuction with the Reassessment of the town, Article 17.

The article to pay the Special Justice Salary at $20.00 per day was approved by the budget committee. This is a reasonable amount for the town to pay rather than 60% of the Justice's salary.

The article to lease and purchase Duracrete Block Company, Inc., building and land, located at 1359 Hooksett Road, for the use as a Public Library at $15,000.00 per year for a period of five years was approved by the budget committee. It felt that the Town should vote on this article.

The article for the Town to share the cost of installing a water main on Route U.S. 3 to connect the water mains of the two Water Precincts was approved by the budget committee. It felt that the emergency connection is necessary.

The article for $10,500.00 to extend the sewer starting at the point at Kennedy and Merrill Drives and continuing to Merrill Drive and Route 3 was disapproved.

The article for $10,500.00 to extend the sewer on Granite Street was disapproved.

The article to establish a Sanitary Land Fill Capital Reserve Fund at $30,000.00 was disapproved by the budget committee.

The article to construct an office at the South Hooksett Fire Station to be used for storing records was disapproved by the budget committee.

It should be noted that the Selectmen inadvertently failed to request the amount of $700.00; $600.00 for the Conservation Commission and $100.00 for the compilation of Vital Statistics and if it should be the wish of the people this oversight should be corrected at the Annual Town Meeting.

The Budget Committee hopes that its actions are for the betterment of Hooksett - its growth and its future will benefit all!

REPORT

OF AN EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

TOWN OF HOOKSETT

FOR THE FISCAL YEAR ENDED DECEMBER 31, 1971

MADE BY

THE DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

August 7, 1972

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Town of Hooksett
Board of Selectmen
Hooksett, New Hampshire 03106

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Hooksett for the fiscal year ended December 31, 1971, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed reports must be given to the Town Clerk for retention as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Sewer Commissioners, Arah W. Prescott Library, Municipal Court and Trustees of Trust Funds.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets - December 31, 1970 and December 31, 1971: (Exhibit A-1)

Comparative Balance Sheets - General Fund - as of December 31, 1970 and December 31, 1971 are presented in Exhibit A-1. As indicated therein, the current surplus of the Town increased by $15,705.87, from $53,331.25 to $69,037.12, during the fiscal year.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Surplus:		
Net Budget Surplus		$39,364.85
Decreases in Surplus:		
Surplus Used to Reduce Taxes	$16,000.00	
Surplus Used for Acquisition of Town Grader	5,500.00	
Tax Liens Transferred to Tax Deeds	1,280.97	
Tax Collector's Excess Debits (Net)	878.01	
		23,658.98
Net Increase in Surplus		$15,705.87

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of general fund appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1971 are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), o net unexpended balance of appropriations of $24,973.93, plus a revenue surplus of $14,390.92, resulted in a net budget surplus of $39,364.85.

Long Term Indebtedness:

Comparative Balance Sheets - December 31, 1970 and December 31, 1971: (Exhibit A-5)

The outstanding long term indebtedness of the Town as of December 31, 1970 and December 31, 1971 is shown in the above Exhibit. As indicated therein, the long term debt decreased by $82,100.00, from $1,280,300.00 to $1,198,200.00, in 1971. During the fiscal year long term notes in the amount of $4,500.00 were issued and matured bonds and long term notes totaling $86,600.00 were paid.

Statement of Debt Service Requirements: (Exhibit A-6)

A statement showing annual debt service requirements, including principal and interest, is contained in Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of general fund receipts and expenditures for the fiscal year ended December 31, 1971, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance - general fund - as of December 31, 1971, is indicated in Exhibit B-2.

Sewer Construction Funds: (Exhibits B-3, B-4 and B-5)

Statements showing the fiscal activity in the special sewer construction funds for the fiscal year are contained in Exhibits B-3, B-4 and B-5.

OTHER DEPARTMENTS AND AGENCIES

Municipal Court: (Exhibit E)

A statement of the Municipal Court account for the fiscal year ended December 31, 1971 is presented in Exhibit E.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS AND RECOMMENDATIONS

Unauthorized Expenditures and Operation of the Municipal Budget Law:

- Board of Selectmen - $1,145.00

As indicated in the general fund statement of appropriations and expenditures (Exhibit A-3), expenditures totaling $1,145.00 were incurred by the Board of Selectmen during the fiscal year for purposes for which appropriations had not been made. These were as follows: (1) Pensions - $1,000.00; (2) Conservation Commission - $70.00; (3) Purchase of Land - $75.00.

We were advised that appropriation requests for these items were inadvertently overlooked when the 1971 budget was prepared.

- Board of Sewer Commissioners - $1,713.00:

The Board of Sewer Commissioners expended the sum of $1,713.00 from a special sewer construction fund, which was established during the fiscal year to administer a contribution of $31,000.00 received from New Hampshire College.

According to the records of the Sewer Commissioners, the object of this fund is to defray the cost of engineering fees to be incurred in connection with a proposed extension of the main sewer treatment plant.

However, there was no appropriation for this purpose in the approved budget of the Board of Sewer Commissioners for 1971.

Inasmuch as the Town of Hacksett operates under the provisions of the Municipal Budget Law (R.S.A. Chapter 32) all the above expenditures were unlawfully incurred because they were not authorized by the Town Meeting.

In towns operating under this law, no board of selectmen or other expending agency (including a board of sewer commissioners) may pay or agree to pay any money, or incur any liability involving the expenditure of money, for any purpose for which an appropriation has not been made, except for the purpose of paying judgements rendered against the town. (R.S.A. 32:10)

When an unusual circumstance arises during the year, which makes it necessary to expend money for a purpose for which an appropriation has not been made, the selectmen and/or the board of sewer commissioners, upon application to the tax commission, may be given authority to make such expenditure. Such application must be made prior to the making of such expenditure provided, however, that the tax commission may accept and approve an application after an expenditure if caused by a sudden or unexpected emergency. No such authority shall be granted until a majority of the budget committee has approved the application in writing. (R.S.A. 32:10-a)

It is recommended that the above requirements be carefully adhered to whenever situations, as previously described, occur in the future. With regards to the unexpended balance of the New Hampshire College Sewer Construction Fund (Exhibit B-5), it is further recommended that no additional expenditures or liabilities be incurred until such time as proper authority to expend this money has been voted by the town or obtained from the Tax Commission in the manner outlined previously.

Bonds Authorized - Unissued - $200,000.00:

Authorized but unissued bonds at December 31, 1971 totaled $200,000.00. This bond issue was authorized by the 1971 Town Meeting for the purpose of financing the construction of a new main intercepter sewer, together with lateral sewers and other related facilities, including the acquisition of land, easements and rights of way, to extend the Town's sewer system from Martin's Corner pumping station to the area bounded by the Daniel Webster Highway, Route 28 By-Pass, Whitehall Road, etc., if the proposed construction of a shopping mall in that area is finalized. Construction of the proposed shopping mall had not begun at December 31, 1971.

Tax Collector:

As indicated in Exhibit C-4, the Tax Collector allowed cash discounts of $361.13 on payments of sewer taxes. There is no statute in the Revised Statutes Annotated authorizing towns to allow such discounts. Accordingly, it is recommended that this practice be discontinued.

Board of Sewer Commissioners:

Complete Accounting System Recommended:

The current accounting system of the Board of Sewer Commissioners consists primarily of cash receipts and expenditures journals. Proprietary and budgetary accounts are not kept. The journals are written on columnar analysis pads.

Considering the extent of investments made in plant, property and equipment, during the last few years, by various federal, state and local governments, as well as by builders, abutters and users of the sewer system, these records do not provide sufficient or accurate accounting over the department's resources and activities.

Consequently, it is recommended that a complete, self-balancing group of accounts be established and maintained for the sewer department. This system of accounts should include all general ledger proprietary accounts and subsidiary ledger records necessary to determine precisely the financial condition and the annual operating results of the department. The accounts should be kept on an accrual basis, insofar as possible. All cash transactions should be administered through the Sewer Fund checking account. This procedure will eliminate the current practice of handling such transactions through the Town's general fund account. All capital projects funds (non-revenue accounts) should continue to be administered by separate checking accounts in accordance with the provisions of the Municipal Finance Act. (R.S.A. Chapter 33) However, proprietary and budgetary accounts should also be set up for these funds in order that the financial condition and operating results may likewise be determined periodically. The records should be maintained in standard ledgers and journals; all entries therein should be recorded in ink.

Conclusion:

The provisions of Chapter 71, Section 27-a, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in this audit report is optional at the discretion of the Board of Selectmen. This letter must be published in its entirety.

We extend our thanks to the officials of the Town of Hooksett for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

FEL/mjn

August 7, 1972

Town of Hooksett

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Hooksett for the fiscal year ended December 31, 1971.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Hooksett at December 31, 1971, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceding fiscal year.

Respectfully submitted,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

FEL/mjn

Board of Sewer Commissioners

This report is being written at the conclusion of the second full year of operation of the Waste Water Treatment Plant.

The number of users on the system continued to increase during the year with the largest new addition being the Lincoln Park North Apartments on Mammoth Road, and the addition of apartment units at New Hampshire College.

The increase in money to be raised by sewer-users fees this coming year is partly due to the fact that the State Tax Commission will not allow money from property taxes to be applied to the operation of the plant or office. Part of the increase is due to the necessity of adding a second full-time assistant Plant Operator. The large increase in plant usage, plus Federal and State regulations for Treatment Plants made the addition of the second man essential at this time.

An expansion to the Treatment Plant has been engineered, and construction will start as soon as the Town approves the bond issue in order to secure the Federal and State Grants. The raising of the $462,000.00 bond issue is only a formality, as the Federal Government and State Government are committed to repay 90% of this money to the town, and New Hampshire College signed a contract with the town which requires them to pay the town the remaining 10%, plus any other charges. This expansion to the Plant will add 2,000 "units." This will repay the town for the 1,000 units now being used by the college and leave 1,000 additional units for the use of the town.

There is a general belief in town that sewer-main extensions should be taken care of by the Sewer Commissioners. The Commissioners are not allowed by law to raise any money by taxing the townspeople for the purpose of extending the mains. Therefore, to extend mains it is necessary for an article to be inserted by petition in the Town Warrant so that the voters can act on it at Town Meeting.

The Commissioners are studying recommendations and suggestions from their engineers and the New Hampshire Water Supply and Pollution Control Commission on the most feasible way to extend the sewer-mains in order to correct pollution problems that exist. Further studies will enable the Commissioners to make recommendations to people who would like to petition the Selectmen to put an article in the Town Warrant in order to raise money for extensions to sewer-mains.

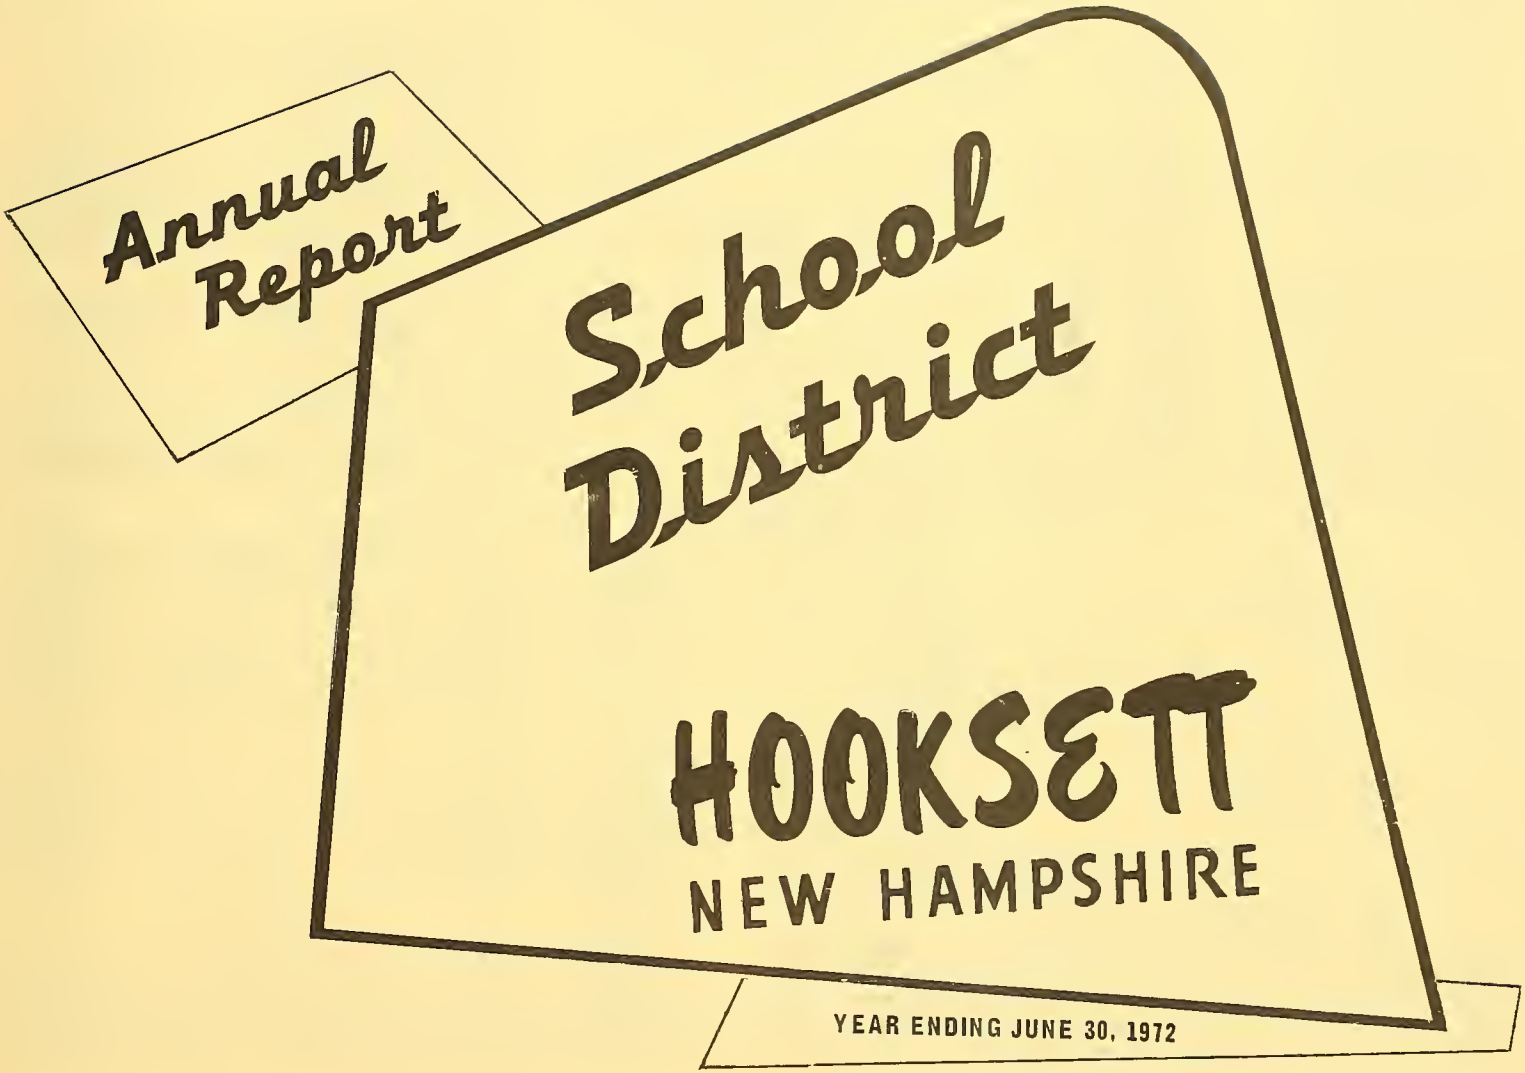

The New Hampshire Water Supply and Pollution Control Commission has asked the Commissioners to create a study of requirements up to the year 2000. The Commissioners in turn have asked their engineers for suggestions on this study. The engineers have informed the Commissioners that it will require approximately $40,000.00 for a study of the problems of the next 25 years. This money will be reimbursed by Federal and State funds when construction is started. This study is necessary because the town is growing at a rate far greater than was anticipated by any earlier studies.

The Treatment Plant has been operating for slightly more than two years and is currently doing the job for which it was planned. It has, however, reached the point of usage where it is necessary to enlarge the facility, and also to make a study of the manner in which it can be enlarged again at some time in the future.

The townspeople may have noticed a new blue pick-up truck which the Sewer Department purchased last year for use at the Treatment Plants. At the present time, this truck is the only town vehicle displaying the Town Seal. This vehicle was paid for by the sewer users only.

The Commission will continue to operate the Plant with the minimum cost that will make it function properly.

BOARD OF SEWER COMMISSIONERS
Robert C. Morin, Sr., (Chairman)
Ralph W. Page
Everett R. Hardy

Record of the Minutes of the School Meeting

RECORDS OF THE SCHOOL MEETING
HELD MARCH 3, 1972

The Moderator Oscar Morin Jr. called the Hooksett School District meeting to order at 7: 15 and the School Warrant was read. Mr. Morin also introduced the members of the School District Officers and his assistant Moderator. He then proceeded to read the Rules of Procedure for governing a School District meeting.

Article 12 is at this time ruled illegal because only subject matter that is stated can be so ruled on. This is a new law RSA 40-4-A.

Article 1. The Moderator rules that after discussion of the article is complete the Polls would remain open for Voting on the article and would stay open a minimum of two hours. Discussion on Article 1 started at 7:24 p.m. and ended at 7:55 p.m. The polls remained open during the meeting and closed at 10:00 p.m.

To see if the District will appropriate Six Hundred Thousand Dollars for the alteration and enlargement of the Hooksett Memorial School in order to provide a minimum of Twenty rooms and facilities for Home Economics and Industrial Arts and for the purchase of school equipment of a lasting character, to determine whether such appropriation shall be raised by borrowing or otherwise, or take any other action relative thereto.

Mr. Alan Davidson motions that "I move that the district appropriate $600,000.00 for the alteration and enlargement of the Memorial School in order to provide a minimum of 20 rooms and facilities for Home Economics and Industrial Arts and for the purchase of school equipment of a lasting character and to authorize the School Board to raise said sum of money by the issue of serial bonds."

The motion is seconded by Mrs. Jo Stott. Mr. Gordon Moore chairman relates the findings of the Hooksett School Study Committee with regard to the trend of a larger population for the town of Hooksett and states that the Metcalf & Eddy study was also taken into consideration. Further discussion by interested parties followed and at 7:55 p.m. the Moderator declared the polls open for voting on Article 1.

Article 2. To see if the District will authorize the position of Business Administrator in place of the now existing position of Assistant Superintendent for the schools of Supervisory Union #53, as provided in RSA 186: 11, beginning with the school year 1972-1973.

Mr. Gerald Handley made the motion to adopt this article, it was seconded by Mr. Dinwoodie, questions were directed to the board on the difference between Business Manager and Assistant Superintendent and salary differences. It was voted in the affirmative to accept the article as read.

Article 3. To see if the District will authorize the school board to accept on behalf of the District any Federal or State funds designed to improve educational opportunities. Barbara Johnson made the motion to adopt this article it was duly seconded by Mr. James Dinwoodie and voted in the affirmative.

Article 4. (By Petition) To see if the District will vote to raise the salary of the Moderator from the present $15.00 to $50.00

The Moderator overruled the article. Mr. Riley made a motion to overrule the Moderator the motion was carried. Mr. Hebert seconded the motion and it was voted in the affirmative to increase the salary of the Moderator.

Article 5.
A. Mr. Dinwoodie made the motion to adopt Article 5A to authorize the District to approve Dual enrollment. Mrs. Jo Stott seconded and it was voted in the affirmative.

B. Mr. Dinwoodie made the motion to adopt Article 5B to authorize the school board to assign certain students of the district to the dual enrollment classes and to make arrangements that may be necessary for the school year 72-73. Mr. Handley seconded the motion and it was voted in the affirmative.

C. Mr. Les Pike made the motion to adopt Article 5C to appropriate the cost of tuition to the dual enrollment program. Mr. Dinwoodie seconded the motion and it was voted in the affirmative.

Article 6. To see if the District will vote to create an AREA school planning Committee as provided in RSA 195-A3 consisting of three qualified voters of whom at least one shall be a member of the School Board and to authorize the School board to appoint the members of said committee.

The Moderator reads law RSA 195-A3. Mrs. Johnson makes a motion of adopting as read, 2nd as so by Mr. Hollister. Mr. Van Vliet amends to strike AREA and RSA 195-A3, Mr. Sack seconded. It is voted to adopt the article as amended. The Article now reads "To see if the District will vote to create a School Planning Committee consisting of three...etc.

Article 7. Mrs. Jo Stott made the motion to adopt Article 7 to authorize the School Board to appoint a building committee. Mr. Davidson seconded the motion and it was voted in the affirmative.

Article 8. The Moderator ruled that Article 8 had no bearing on this meeting.

Article 9. To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

It is stated that this article is a carry over from past years. Mrs. Jo Stott makes a motion we accept Article 9 Seconded by Mr. Nordle and voted in the Affirmative. Mr. Gordon Moore Chairman of the Hooksett School Board states that Jo Stott had not been mentioned as a member of the Hooksett School Committee in their report in the Town Report Book and requested that it be known that she was a member.

Article 10. Mr. Morin states that Article 10 is not needed.

Article 11. Mr. Riley made the motion to Adopt Article 11 that the Budget as submitted by the Budget Committee be adopted. Mrs. Johnson seconded and it was voted in the affirmative.

Article 12. This article is ruled illegal.

The Moderator again ruled article 4 illegal because the Budget Committee failed to submit a written recommendation. Mr. Riley made a motion to overrule the Moderator and stated that the Budget Committee has approved the raise but failed to include it in its report. After objections from the Moderator he was overruled and Article 4 was passed.

At 10:00 o'clock (ten) the Ballot boxes are opened and counted by the clerks, Laurette Morin, Jenny Zela and Mrs. Bert Beauchesne. In order for Article 1. to pass it needs 2/3 votes. A total of 142 votes were cast, 95 yes are necessary for this Article to pass. The final vote is YES 92 NO 50. Article 1. failed to pass.

A motion to adjourn was made and the meeting was adjourned at 10:15.

A true copy of the records to the best of my ability.

PATRICIA SACK, Clerk
Hooksett School District

Voting for the HOOKSETT SCHOOL DISTRICT TOOK PLACE ON MARCH 7, 1972 the results are as follows:

For School Board for 3 years	
Leo G. Sack	1390
Gordon Moore	33
For Treasurer	
Beatrice Bourbeau	815
Elaine Garon	631
For Clerk	
Patricia Sack	1384
For Moderator	
Oscar A. Morin Jr.	1508

Report of the School Board

In reviewing the past year it would seem that the problems that arise continually, in many areas of School District administration, never yield to the time and energy spent on their solution.

With the use of the Hooksett Village Bridge curtailed, our transportation system has had to be scheduled in perhaps a less efficient manner than it would otherwise. However, our needs are being met for the present. The busing of high school pupils has proven to be a success and is self-supporting while rendering a much needed service.

As can be expected in an operation the size of our school system, maintenance of our buildings, grounds and equipment is an operation that must be dealt with on a day-to-day basis. Rising costs of materials and service make this an area that requires constant supervision. From the Superintendency down through the maintenance supervisor, this is being done.

Not only must your School Board be concerned with the school needs of the present, but must make an assessment of what will be needed in the future. To this end, a School Building Committee has been active this past year preparing plans for a proposed addition to Memorial School to meet our immediate and future needs. Also, an Area Study Committee has spent the past year in the study of how we can best educate our children at the secondary level. Their findings are printed in this school report.

The Board wishes to extend its thanks to the dedicated people who have given of their time and talent serving on the Building Committee and the Area Study Committee, to our Principals, Teachers and Staff, and others who have worked tirelessly in making our school system one in which we can all take great pride.

Superintendent's Report

Today's schools are indeed becoming more and more complex. We see evidence of this here in Hooksett. The job of the teacher is ever more demanding and one that requires constant re-evaluation in terms of today's curriculum.

We now find the school curriculum has become everybody's business. Inside and outside education, there are forces that propose changes in our schools.

Some call for a return to "basic education," while still others want more emphasis on "creativity" and "individualized instruction." This is the dilemma facing your School Board.

At our town level, we realize that the curriculum is affected by the availability of materials, physical facilities, and community demands, including financial resources.

Teaching techniques previously have been geared toward drill and repetition. Today we find the stress on developing understanding and overall content, rather than studying isolated factual material.

There is great need to adjust the curriculum to the needs of the times. We might very well find in the near future, full-time teachers working on developing the curriculum when students are not in attendance.

Libraries or media centers will need to receive a high priority in our town budget if standards are to be maintained. Title II of the Elementary and Secondary Act of 1965 has helped us some but much more local effort is needed in the years to come.

We need and hopefully will see much stress in the future on Vocational Education. A school program is certainly needed that will enable every young person completing Grade 12 to be ready to enter higher education or to enter useful and rewarding employment. We are really talking about the capacity of our people to sustain and accelerate the pace of progress in this country during a lifetime of learning.

I appreciate the cooperation of the School Board and the community in our educational endeavors.

Respectfully submitted,

David R. Cawley
Acting Superintendent of Schools

PRINCIPAL'S REPORT

HOOKSETT MEMORIAL SCHOOL

The Memorial Junior High School's major objective for the School Year, 1971-72 was the improvement of instructional techniques for the total curriculum. Several innovative approaches were introduced the previous school year and the consolidation and sophistication of these approaches played a major role in improving instruction patterns for this school year.

Techniques and styles for holding small group discussions and "large group" lectures were developed. (Similarities and differences between lectures and discussions became apparent to both students and staff, much to the benefit of the total instructional approach.) Various time spans for different activities were tried and those that yielded the best results were incorporated into the teaching program.

The Learning Center/Library with its centralized resources played a major role in improving instruction. Students became more familiar with the materials available and with the help of the Staff, utilized them much more effectively. The use of the "double room" provided sufficient space for a variety of activities to be carried on simultaneously to the benefit of all students. (Though next year only one half of the room will be Library due to the need for an additional classroom.) This space allowed for more involvement by students every time they were scheduled to be in the Center.

Our special curriculum areas continue to improve each year. The Art program has uncovered raw artistic talent which produced a variety of outstanding projects, some of which were displayed at the Art and Music Concert and Show in the Spring. The Music program again demonstrated continual improvement with excellent performances at Christmas, in the Spring, and at the Graduation Exercises. The Physical Education program continued to introduce new approaches to the development of physical skills. The Gymnastic Show in the Spring was the best yet. Our athletic teams maintained the high standard of excellence and sportsmanship that have been developed over the last several years. The Track program, which was begun last year, progressed to the point where a multi-school Track Meet was held to culminate the Spring sport season.

Field Trips continue to be an important part of the curriculum with visits to Salem, North Shore Theater, Sturbridge Village, Science Museum, and the White Mountains.

Many and varied instructional techniques have been learned and developed this year to the benefit of both the students and staff. Hopefully, with community support, more programs and more learning experiences will be provided for the young people of the Town in the near future.

Respectfully submitted,

Bernard R. Davis
Principal

PRINCIPAL'S REPORT

VILLAGE SCHOOL

The Village School has centered its efforts this year on three particular areas:

1. Concentration on the basics that are needed in each subject matter area.

2. Classroom activities that give the child a feeling of accomplishment and a feeling of happiness while at school.

3. A strong but fair discipline procedure that gives the child a feeling of being an individual.

It should be said that the above areas cannot be accomplished without a staff that is willing to put in the effort to make it work. I feel the staff at the Village School, on the whole, is one of the finest and the people of Hooksett should be proud of this fact.

Part one above-concentration on the basics - the entire staff is involved in outlining the basic educational skills each child needs in the areas of Math, English, Reading, Science and Social Studies. What the skills are that a child needs at the end of the first grade to be successful in the second grade, what skills are needed at the end of the second grade to be successful in grade three - and so on through grade six. Each academic area is prepared with the knowledge of what is needed in the future, thus allowing the child to go from one class to the next in a smooth, coordinated manner.

Each teacher, in his or her own way, has incorporated in their classroom activities that correlate with the basic academic subject, or as part of an activity period, which will allow the child a creative outlet. Activities such as music, art, physical education, chess, industrial arts and sewing provided by the teachers above and beyond the fine jobs done by the school's specialists, help the child to enjoy school more. Special classes in teaching children about newspaper publishing, particular countries and using record players and cassettes as a new learning experience have also been of great benefit to the children.

It is the feeling of the administration that for a child to learn, the atmosphere in the classroom must be such that the teacher is able to have the child's complete attention. The child is also expected to act like a lady or gentleman, according to their age, in the cafeteria, on the playground and while on the bus. Because of this theory, the administrator and his staff have been trying to reinforce proper behavior and discourage behavior that is not applicable to the smooth running of our school. I feel we have been successful, for on the whole, the children are very well behaved and are honest in their dealings with others.

The whole idea of the school's philosophy can be summed up in the idea of wanting our students to be prepared for the future - academically, socially and emotionally. I think that we are approaching this ideal.

Respectfully submitted,
Frederick H. Reischer, Principal

PRINCIPAL'S REPORT

FRED C. UNDERHILL SCHOOL

Recognizing and meeting the intellectual as well as the emotional and social needs of children for today's and tomorrow's world, leading toward developing the creative potential, have become imperative purposes of education at the Fred C. Underhill School. It signifies a careful selection of experiences, materials, groupings, and organization of classes to meet students at their own learning level, motivating them and progressing each one to his greatest potential.

Continued through all six grades is the program of flexible grouping and multi-level regrouping of children; team teaching involving large groups, small groups, and individual learning situations; independent study; individualized instruction through programmed materials and other techniques; and, tutorial work by aides, student teachers, and other students. Reading and Mathematics are the major areas of concentration; yet, all forms of creative expression and representation-in the arts and in movement, as well as in language - are evident, and are considered an important part of the program.

The library has become an integrated part of the instructional process. Teachers and students can use the center for sharing new ideas, discussing problems, making learning materials, checking out books and materials, and independent study and research.

"Individual Pupil Experiences" is a program developed around student interests and abilities. It consists of a variety of classes dealing with the skills of sewing, photography, amateur radio, knitting, macrame, rocketry, and cooking. Teachers and pupils work together to use this opportunity for his or her own personal growth.

At Camp Grotonwood, Groton, Massachusetts, students experienced problem-solving activities involving plants, soil, water, and improvement of bird or small wildlife habitats which helped students learn to make decisions and apply basic ecological principles. In the process of working on these projects, students also learn to evaluate the results of their actions in relation to environmental resources.

Based upon a needs assessment of the students in the Town of Hooksett conducted by principals, staff, and parents, it was felt that a project designed to deal with inadequate learning abilities was needed. Project NEED resulted from this assessment and will be funded under TITLE I for the next school year.

The Underhill P.T.O. engaged itself in a project entitled "Interaction" which consisted of three phases: First, a financial backing to supply materials which would give each student a basic experience in science with the opportunity to speculate, question, try out, infer, conceptualize, make predictions, test predictions, and evaluate their results; Second, formation of a Volunteer Aide program. There is no way to reward the conscientious volunteer aide for helping with field trips, collecting material for children's independent study, making slides, producing plays, and contacting community resources; Third, the organization of a room-mother program which provides most valuable assistance. The P.T.O. officers and parents have been most supportive and of great help to all the staff and the students.

Willingness to understand, evaluate, improve, and carry on an effective educational program has been the team effort of a total staff devoted to the development of each individual student. Rounding out this effort is a continuous evaluation, planning for the future to keep our schools in line with the changing world around us and provide quality education.

In conclusion, a most sincere appreciation is expressed to Mrs. Dorothy Stone Allen by students, staff, and parents for the forty-five years of continuous concern and personal involvement in the education of the many students who have learned under her direction.

REPORT

OF THE EXAMINATION AND AUDIT

OF THE ACCOUNTS

OF THE

HOOKSETT SCHOOL DISTRICT

FOR THE FISCAL YEAR ENDED JUNE 30, 1971

MADE BY

THE DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

April 17, 1972

SUMMARY OF FINDINGS AND RECOMMENDATIONS

The School Board
Hooksett School District
Hooksett, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Hooksett School District for the fiscal year ended June 30, 1971, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board, School District Treasurer, School Lunch Program, Memorial School Principal's Account and the Hooksett Village School Petty Cash Fund.

FINANCIAL STATEMENTS

Comparative Balance Sheets as of June 30, 1970 and June 30, 1971 are presented in Exhibit A-1. As indicated therein, the Net Debt of the District decreased $62,422.24 from $906,553.31 to $844,313.07 during the fiscal year ended June 30, 1971.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit A-2, with the factors which caused the change indicated therein.

These were as follows:

Decreases in Net Debt:

Bonds Paid During Year	$70,000.00	
Long Term Notes Paid During Year	3,800.00	
		$73,800.00

Increases in Net Debt:

Surplus Used to Reduce School Tax	$ 3,166.70	
Net Budget Deficit	7,685.03	
Accounts Receivable Adjustment	526.03	
		$11,377.76
Net Decrease in Net Debt		$62,422.24

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1971, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary, (Exhibit A-4), a net overdraft of appropriations of $14,189.67 less a revenue surplus of $6,504.64 resulted in a net budget deficit of $7,685.03.

TREASURER

General Fund:

Summary Statement of Receipts and Expenditures - General Fund: (Exhibit B-1)

A classified statement of receipts and expenditures - general fund - for the fiscal year ended June 30, 1971, made up in accordance with the uniform classification of accounts is included in Exhibit B-1. Proof of the Treasurer's balance as of June 30, 1971, is indicated in Exhibit B-2.

Village School Building Fund: (Exhibit B-3)

Exhibit B-3 shows the activity in the Village School Building Fund Account during the fiscal year ended June 30, 1971.

Cash with Fiscal Agents: (Exhibit B-4)

A summary of the Cash with Fiscal Agents Accounts and Proof of Balance is shown in Exhibit B-4.

School Lunch Program: (Exhibit C)

A statement of the Hooksett School Lunch Program account is presented in Exhibit C.

Memorial School Principal's Account: (Exhibit D)

Exhibit D shows the activity in the Memorial School Principal's account for the fiscal year ended June 30, 1971.

Hooksett Village School Petty Cash Fund: (Exhibit E)

Exhibit E shows receipts and expenditures for the Hooksett Village School Petty Cash Account for the fiscal year ended June 30, 1971.

School Tax Account: (Exhibit F)

A statement of the School Tax Account with the Town of Hooksett is included in Exhibit F. As indicated therein, as of June 30, 1971, the School District had received from the Town the total of the 1970-71 school tax, the amount of which was $880,261.08.

Long Term Indebtedness: (Exhibit G)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1971 showing annual debt service requirements, is contained in Exhibit G.

GENERAL COMMENTS

Current Surplus (Deficit):

The current financial condition of the School District changed from a current surplus (excess of total assets over current liabilities) of $3,646.69 to a current deficit (excess of current liabilities over total assets) of $7,731.07.

	June 30, 1970	June 30, 1971
Total Assets	$24,478.85	$32,546.05
Current Liabilities	20,832.16	40,277.12
Current Surplus (Deficit)	$ 3,646.69	$ 7,731.07

Note, Bond and Coupon Register:

The treasurer of the school district is required by R.S.A. 33:12 to keep a note, bond and coupan register in such form as prescribed by the State Tax Commission. This register has not been maintained as required.

General Comments:

The payroll manifests were not signed by a majority of the School Board members during the fiscal year. R.S.A. 197:23a requires that a majority of the School Board approve all disbursements of district funds.

Check numbers were not recorded on vendor manifests and additional audit time was required to cross reference disbursements. The absence of any notation that a vendor invoice has been paid could lead to duplicate payments being made.

The District Treasurer and a member of the School Board drew their entire salaries in the month of October, 1970. Salaries are to be paid only when services have been rendered.

The Hooksett School District presently pays its net payroll over to the Supervisory Union and the Union pays the district personnel from a special payroll checking account. This method of processing payrolls is satisfactory provided that the following important steps are taken.

(1) The Hooksett School District Treasurer must co-sign all checks along with the designated official of the Supervisory Union.

(2) Adequate records must be maintained to account for amounts paid over to the Supervisory Union.

(3) All cancelled checks disbursed by the Supervisory Union must be returned to the Hooksett School District treasurer.

For the fiscal year ended June 30, 1971 the Hooksett School District had an overdraft of appropriations of $14,189.67. R.S.A. 32:10 stipulates that municipalities operating under the Municipal Budget Law may not exceed annual budgetary appropriations.

The Building Fund balance of $1,969.38 has been forwarded for the second year on the district books. R.S.A. 33:3-a provides that such unexpended balances must be used to pay principal of the outstanding debt.

The review of vendor invoices indicates that Hooksett School District is not prompt in the payment of said invoices. This condition should be corrected without delay.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditors' summary of findings and recommendations (letter of transmittal), shall be published in the next annual report of the School District. Publication of the Exhibits contained in the audit report is optional, at the discretion of the School Board.

We extend our thanks to the officials of the Hooksett School District for their assistance during the course of the audit.

Yours very truly,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

FEL:lw

April 17, 1972

HOOKSETT SCHOOL DISTRICT

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Hooksett School District for the fiscal year ended June 30, 1971.

Our examination included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion, the Exhibits included herewith present fairly the financial condition of the School District as of June 30, 1971, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Proposed Addition to Hooksett Memorial Junior High School

Hooksett School District
Hooksett, N. H.

January 29, 1973

Hooksett School Board
Memorial School
Hooksett, N.H. 03106

Gentlemen:

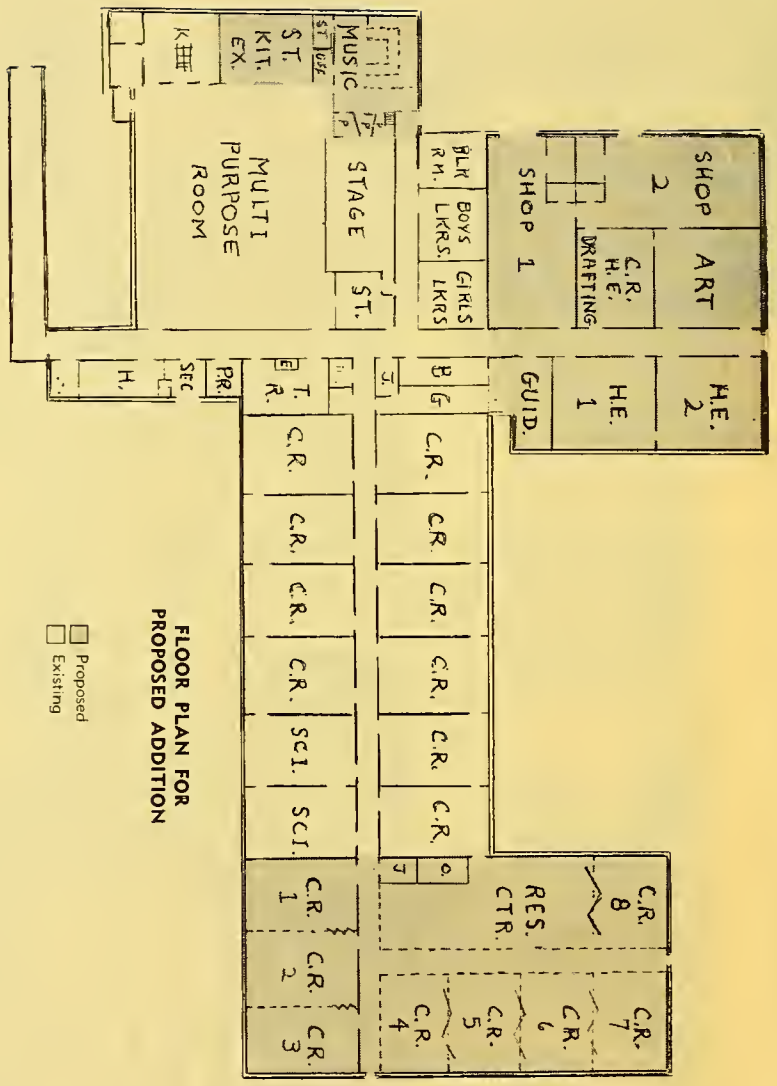

On March 3rd, 1972, the town of Hooksett voted to authorize the School Board to appoint a building committee to assist and advise the School Board in any proposed construction, and, in addition, to study the present building program relative to the future needs of the District.

We are pleased to submit a report of the findings and conclusions reached to date by this building committee. We started meeting on a regular basis in September, 1972 and our first order of business was to interview architects. Several firms were interviewed and the conclusion reached by the building committee was to ask the firm of Dirsa and Lampron to assist us in preparing a proposal to be presented to the School Board. The proposal consists of making alterations and enlargements to Memorial School in order to provide nine additional classrooms, two Industrial Arts shops, a library learning center, two home economics labs, a music room, an art room, a guidance office, and a storage room. Renovations to the existing school will provide a language lab, rest rooms, work rooms and two general science labs.

If the proposal, as outlined in the Warrant, is approved, Bonds will be issued to the amount of $650,000 and be paid off over a period of 20 years.

Financial Data

Construction 22,500 sq. ft. at $20. a sq. ft.	$450,000
Site Development	25,000
Furniture and Equipment for Instructional Areas	114,000
Architect's Fee	36,000
Contingency	25,000

Report of The Hooksett School Study Committee

December 1972

The Hooksett School Study Committee was appointed by the School Board in compliance with article 7 of the School District Warrant passed March 1972. The committee was instructed to investigate the adequacy of present programs now and through 1980.

The Committee reviewed the school enrollment figures presented by a previous study committee in January, 1972, accepted them as reasonable projections, and noted no signiticant development in Hooksett to date that would materially alter them.

The Committee concentrated its attention on the town's current high school tuitioning arrangement with Manchester and, after visits to Manchester and several other high schools in the State, arrived at the following conclusions:

1. The current arrangement with Manchester is both adequate and economic; with the following reservations.

a. The vocational education (job training) program in Manchester tor young people entering the job market directly from high school (40% ot the student body) is currently weak. Some other high schools visited offer intensive job training to qualitied students, giving them very marketable skills by graduation; this is accomplished both in school and through school- supervised work-release programs. Manchester plans to institute efforts in this area in September, 1973.

b. There is an adjustment problem tor Hooksett students entering the Manchester system, that is very evident in the freshman year. More etforts at the Hooksett Memorial Jr. High School to acquaint 8th graders with the facts of high school mathematics, industrial arts, and science programs to allow Hooksett students to enter high school at a par with their Manchester contemporaries.

c. The tuition per student in Manchester was $727.00 last year, is tentatively $870.00 this year and is forecast at $950.00 for 1973-74. There are many smaller high schools in the State operating at or below this cost level (see App. I) which means that the economic advantage of tuitioning to Manchester is rapidly disappearing.

d. The Manchester Schools are operating to near capacity now, even with the acquisition of the Immaculata building. The number of students from Manchester proper is not expected to increase materially in the near future, but increases in tuition students is probable. Currently Auburn, Candia, Hooksett and Bedtord send a total of 1250 high school students to Manchester. Growth in these towns could force a crisis in Manchester and currently Manchester is offering only 3-year contracts to these towns. Hooksett's expires in 1975. The short-term nature of this arrangement leaves Hooksett very vulnerable to a non-renewal with little lead-time to plan and build a school.

2. A high school in Hooksett is both possible and desirable.

a. Size: A committee survey of smaller schools showed that a Hooksett high school could offer a well-rounded program in both academic and vocational educational disciplines to as few as 500 students. That figure will be reached in Hooksett in September, 1975. There is also the possibility of accepting tuition students from Bow, Candia or Auburn, which together have a pool of about 750 students. (there has been some interest expressed in these towns tor a co-operative venture, but this committee felt detailed exploration would be too premature at this point to have meaning.)

b. Economics of Operation: It is possible to run a smaller high school at costs comparable to present projected Manchester tuition. (see App. I).

c. Financing Construction: The Town has sufficient borrowing capacity to build a high school (see App. II). The present Memorial School, with or without the proposed addition, has been designed to be expandable into a full grades 7-12 school by addition of wings to the present core.

d. Quality of Education: The Committee toured five high schools in this State in addition to Manchester Central. The conclusions drawn from these visits indicate that the smaller local schools provide more personalized instruction, more exciting programs (especially in the newer schools), a high standard of instruction, a complete curriculum (in one case, offering 50 more elective courses than offered at Manchester Central) and a full range of extra-curricular activities. In addition, where the effort had been made, the local schools were a distinct asset to their communities in many ways, but particularly in the adult continuing-education area. Note: The committee noted that the best schools were dependent on high quality administrators, a definitive educational philosophy, and careful planning of physical facilities to carry out the total educational concept.

3. The committee, after reviewing their findings, offers the following recommendations:

a. That the School Board appoint a Committee to proceed with an in-depth study of the Hooksett high school situation- concentrating on the development of an educational philosophy, a curriculum, and a review of current building practices and costs.

APPENDIX I

School Warrant

THE STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF HOOKSETT QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Hooksett Memorial School in said District on the 6th day of March 1973 at 6:00 o'clock in the forenoon to act upon the following subject:

1. To choose all necessary District Officers for the year ensuing.

The Polls will close at 6:30 o'clock in the afternoon.

Given under our hands and seal this 14th day of February, A.D. 1973.

JAMES E. VANVLIET
ROBERT J. COLLINS
LEO G. SACK
School Board

School Board.

THE STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF HOOKSETT QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Hooksett Memorial School in said District on the 2nd day of March 1973 at seven o'clock in the evening, to act upon the following subjects:

1. To see if the District will vote to appropriate Six Hundred Fifty Thousand Dollars ($650,000) for the alteration and enlargement of the Memorial School in order to provide a minimum of twenty rooms and facilities for Home Economics and Vocational Education and for the purchase of school equipment of a lasting character, to determine whether such appropriation shall be raised by borrowing or otherwise, or take any other action relative thereto.

2. To see if the District will vote to authorize the School Board to accept, on behalf of the District, any Federal or State Funds designed to improve educational opportunities. Further, to see if the District will authorize the School Board to make application for such funds and to expend the same for such projects as it may designate.

3. To see if the District will vote to

a. Approve the dual enrollment plan between the District and the Manchester Diocesan Schools, said plan to be Instruction of Business Education, Physical Education, Science and Mathematics, and which plan shall be administered by the School District of Manchester, N.H. and to further authorize the School Board to sign necessary agreement to implement the program for the school year 1973-74.

b. Authorize the School Board to assign certain students, who are residents of the District to the dual enrollment classes administered by the District of Manchester, N.H. and further authorize the School Board to make such contractual arrangements that may be necessary to implement said assignment of students for the school year 1973-74.

c. Appropriate the sum of Ten Thousand Dollars ($10,000) for the payment of the cost of tuition incurred by the assignment of said students to the dual enrollment program administered by the District of Manchester, at the Manchester Diocesan Schools for the school year 1973-74, and to authorize the School Board to apply for any grants under RSA 198:21, which funds will be credited to the District.

4. To see if the District will vote to authorize the School Board to expend Two Thousand Three Hundred Nine Dollars and Forty-four cents ($2,309.44), revenue received in 72-73 from State of New Hampshire for dual enrollment purposes. Said monies to be used to offset the cost of the dual enrollment program for 72-73.

5. To see if the District will vote that any agreement or contract that the School Board may make with any group of teachers or with any teachers' association, whether in the form of a master contract or otherwise, shall not be binding upon the District until it has first been ratified by majority vote of the District at a School District Meeting. This requirement shall not apply to the nomination and election of individual teachers as provided in RSA 189:30.

6. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agent of the District.

7. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

8. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.

9. To see if the District will vote to accept the Budget as submitted by the Budget Committee, or take any other action in relation thereto.

10. To transact any other business which may legally come before said meeting.

Given under our hands and seal this 14th day of February in the year of our Lord, Nineteen Hundred and Seventy-three.

HOW A BILL BECOMES A LAW

A Complicated Procedure

Prepared by New Hampshire Municipal Association

* This chart outlines the process for enacting a bill into law by tracing the path of a bill introduced in the House of Representatives. A bill introduced in the Senate would follow the same procedure except that Senate and House action would be reversed.

1972 Citizen of the Year

Frank D. Cate

FRANK D. CATE

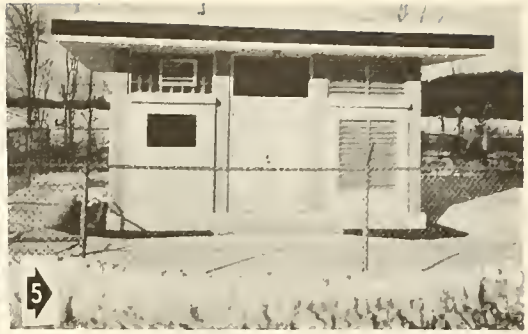

Selected by the Hooksett Men's Club as Hooksett's Citizen of the Year for 1972. Born and educated in Hooksett, Frank attended Hesser Business College and went to work for the Public Service Company in 1926 as a helper in the repair service department. Later in life he became manager of this department. In 1935, Frank married Marion Childs and they have two daughters. Frank has been an active member of the Congregational Church, Friendship Lodge, Hooksett Lions Club and Hooksett Men's Club. He served his town as Budget Committee Chairman, Planning Board Member, Industrial Committee Member and since 1956 as Judge of the Hooksett Municipal Court. Judge Cate recently retired from the bench after serving 16 years, in order to allow Hooksett to become a District Court for the Hooksett, Allenstown, Pembroke area.

1 Photo of Main St. Lift Station Underground - No structure

This pumping station, located behind the Village Water Precinct Building, is designed to pump waste water from Riverside Street only. It is pumped into the main which is attached to the vehicle bridge and across the river to the Merrimack St. lift station.

2 Photo of Merrimack St. Lift Station

This pumping station receives all the waste water from the village area, including the west side of the river, as well as Granite St., Mt. St. Mary's College and the surrounding areas. Also, waste water from Thompson's Corner flows down So. Main St. to the lift station. This waste water is then pumped from the Merrimack St. station up a "forced-main" pipe to the vicinity of Thompson's Corner from which point it flows by gravity to the Treatment Plant.

3 Photo of the Treatment Plant

This is the main part of the Waste Water Treatment facility. It is the most important part of the system, for it is here that all the waste water is gathered and is treated to make it safe for discharge into the Merrimack River. While the Plant is presently the most efficient in the State, it requires the constant attention of two operators to keep it functioning at full capability.

4 Bruce Kudrick, Asst. Plant operator, using testing equipment at the plant lab.

5 Photo of Martin's Ferry Lift Station

This pumping station is required to move all the waste water from the Lincoln Park area up the Boston and Maine right-of-way approximately two miles to the Treatment Plant. It also handles all waste water from New Hampshire College and North River Road. This station, as well as the Merrimack St. station, had to be constructed due to the varying contours of the terrain in Hooksett. These contours made it impossible to gather all of the waste water by gravity alone.

TRI-TOWN VOLUNTEER EMERGENCY AMBULANCE SERVICE, INC.

Report from Sept. 1, 1972 to Jan. 1, 1973

The newly formed Tri-Town Volunteer Emergency Ambulance Service, Inc. took over where the V.F.W. Community Ambulance left off. This new organization is a group of interested citizens from the three towns. We are trying to keep the same kind of service to the citizens of Allenstown, Pembroke, and Hooksett which the Veterans did so well for 17 years. Our deep gratitude to this fine organization for the gift of the ambulance, the equipment, the garage, and the balance of the town appropriations.

The members of this new organization have spent many hours since Sept. 1st taking Basic Red Cross Courses, Advanced Red Cross Courses and there is now a group of students taking The Emergency Medical Technicians Course at the Technical Institute in Concord. This means that soon most attendants on the ambulance will have had 128 hours of training. Others have spent hours in maintaining the vehicle which is a never ending task.

All of this is being done so as to serve the people of the Tri-Town area. We as a service are on call for emergencies 24 hours a day staffed by well trained drivers and attendants. We are still trying as every new organization must to find our way, however we have accomplished much since our beginning on Sept. 1st.

All the success we have had in the last five months is because there have been so many, many fine dedicated people, who care about each other enough to keep a volunteer organization functioning. To everyone who has helped in any way, "Thank you."

Calls from Sept. 1 - Jan. 1 are as follows:

83 persons carried in 122 days of service. 1848 miles covered.

Allenstown 16
Hooksett 12
Pembroke 36
Accidents to 19
non residents

The Executive Board
Tri-Town Volunteer Emergency Ambulance Service
Lois Theuner, Secretary Treasurer

V.F.W. COMMUNITY AMBULANCE REPORT

For the year Feb. 1, 1972 - Sept. 1, 1972

The Ambulance covered 3464 miles serving the Towns of Allenstown, Pembroke, and Hooksett and carried a total of 117 people.

Broken down as follows:

Allenstown	41
Pembroke	41
Hooksett	35
Practice Runs	1
Repair Trips	2
Stand-By	1

Twelve of the above calls were requested by local or state police.

I want to express a sincere thank-you to all who helped in any way to keep our ambulance service in operation. This includes donations, services rendered without charge, financial assistance from all three towns and the great cooperation we get from police and fire departments. The following men served as ambulance drivers, strictly on a volunteer basis - To them I am doubly grateful.

Hector Campbell
Arthur Perron
Lou Bouffard
Dick Fleury
Joe Breton
Ray Mailhot
Guy Duhaime
Dick Chase
Larry Hurd
Joe Joyce
Mike Chroniak
Roland Fontaine
Perry Eaton
John Goff
Dr. Vincient Greco

Aubery Viar
Ambulance Chairman

Hooksett Police Department

To the Honorable Board of Selectmen:

I submit to you for your approval my fourth annual report as Chief of Police for the year ending December 31, 1972.

The activities of the department show a substantial increase in almost every category over last year.

The department investigated a total of 174 motor vehicle accidents five of which were fatal. This accident total is an increase of 6.1% over 1971. There was a total of 357 complaints, showing an increase of 74% over last year. Other totals were: speeding 137, yellow line violations 63, uninspected motor vehicles 46, operating without a license 11, driving while intoxicated 7, disobeying traffic control device 18, following too close 12, red light 3, stop sign 2, unregistered motor vehicle 7, fail to yield right of way 9.

The department also investigated a total of 95 larcenies showing an increase of 4.6% over 1971. Burglaries were at 66, an increase of 4%.

Other activities were as follows:

Assaults on persons 16, auto thefts 15, dogs at large 26, missing persons 23, overnight parking 8, unlicensed dogs 3, taking a motor vehicle without authority 3, illegal parking 3 and misc. 36. There was one bomb alarm at N.H. College and one bomb threat at a private dwelling.

Maurice Boisvert,
Chief

Conservation Commission

TO THE SELECTMEN AND TO THE CITIZENS
OF THE TOWN OF HOOKSETT

The Hooksett Conservation Commission has accomplished the following in 1972:

Work was finalized on a boat ramp that gives access to nine miles of navigation south to Manchester below the Hooksett Dam in the Merrimack river.

The Town has sponsored two young people to the Bear Brook Conservation Camp last summer with thought in mind that in time youngsters will be of assistance in environmental control for the town of Hooksett. An island north of Hooksett falls has been claimed for town use until proved otherwise.

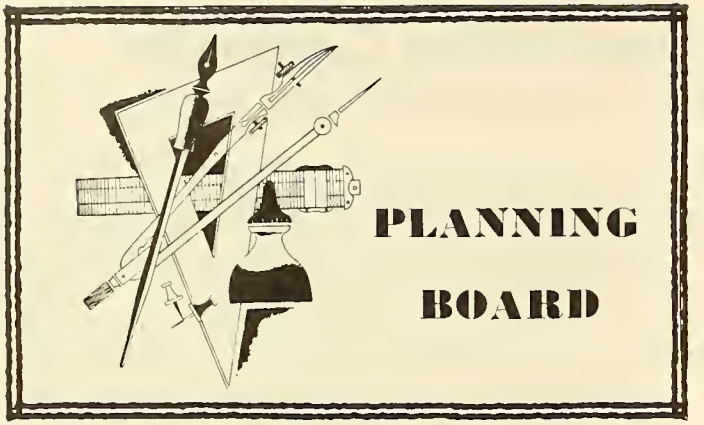

Credit must be given to Mr. Bernard Zapora for taking charge of the Job Corps in having youngsters in clearing the trees on the shores of the Merrimack river so that better view of the river could be obtained near the town garage.

Other plans are in the offing for a more efficient and better result in 1973.

Respectfully submitted,

Alfred Lambert
David Pike
James Law
George Browning Jr.

Conservation Commission

Your Planning Board meets on the first and third Monday of each month at 7:30 p.m. in the Municipal Building.

During 1972 the Board held twenty-eight regular meetings, two public hearings and four special meetings. The Board approved twenty-eight plans for the subdivision of land and granted Site Plan approval for seventeen plans.

Jim Tethers, representative from the Southern New Hampshire Planning Commission, serves on the Board in an advisory capacity and his advice and assistance is greatly valued by the members. Planning Board members Warren Harvey and Conrad Croteau serve as the Town's two representatives to the Southern New Hampshire Planning Commission.

Planning Board members have attended three meetings with State Highway Department officials, representatives from Manchester and officials from Hooksett on the proposed I-93 By-pass, connector roads and overpass. Plans for some portions of this project are still being finalized. The Board's main objective is to assist in the planning of the road system that will most benefit the Town, its residents and future development.

During the year the Board has worked with officials from the Manchester Water Works on several projects. There was a decided effort on the part of those involved to more fully understand the aims and problems, both present and future, of Hooksett and Manchester. The Board feels that, as a result of these meetings, a better relationship has been established between the two boards.

In 1973 the Planning Board will again present its proposed Zoning Map and Zoning Ordinances to the voters of the Town. Voted down at the 1972 Town Meeting these zoning proposals have been revised, as a result of additional meetings and hearings, in what the Board hopes is more in line with what the residents of Hooksett want and need. The Planning Board feels strongly that the proposed map and ordinances are essential for the current and future orderly development of the Town of Hooksett.

The Planning Board's main function is planning, but the steady growth of our town makes increased demands on the Board's time schedule and extra meetings have been scheduled for planning projects. It is hoped that the proposed zoning will be accepted and the Board can go on to other important projects, two of which in order of importance are - a building code and an up date of the subdivision regulations.

The members of your Planning Board are dedicated to making Hooksett "A better place in which to live" through efficient planning administration and forward looking planning proposals. Your interest and assistance are needed to make these goals attainable.

Warren A. Harvey, Chairman
Albert E. Beauchesne, Vice-Chairman
Nelson Lambert
Roland Levesque
Conrad Croteau

REPORT OF HEALTH OFFICER

1972

Board of Selectmen
Hooksett, N.H.

December 31, 1972

Dear Sirs:

I am submitting below a resume of my activities as the Town Health Officer for the year ending December 31, 1972:

Assisting property owners with information on septic tank and leaching bed installations.	4
Investigating and obtaining samples of water for analysis from wells for contamination.	3
Dye test made on sewage water complaint.	1
Checking and investigating sewage nuisance complaints.	24
Building inspections.	5
Investigation and inspection of foster homes and day care location for children at the request of the State Dept. of Health and Welfare.	1
Rubbish and garbage accumulation complaints.	2
Inspection of location for State Health & Welfare Dept. used for a kindergarten.	1
Survey in area Echo Rd. & Rte. 3-A for Selectmen.	
Inspection of previously condemned property.	1
Inspection of Septic tank and leaching bed installations for which no State Water Pollution Board were required.	5
Received from State Water Supply and Pollution Control Comm., copies of permits issued for the installation of new septic tanks and leaching beds.	82
Inspections made of installations completed and covered by State Water Pollution Board permits on septic tanks and leaching beds.	44

Respectfully submitted,

Elmer F. Milliken
Health Officer

THE VISITING NURSE ASSOCIATION OF MANCHESTER, N.H.

194 Concord Street
622-3781

Visiting Nurse Association services are available to Hooksett residents in their homes at no additional cost to the town. This United Community Services association is a home health agency certified to care for medicare patients as well as persons of all ages, regardless of race, creed or ability to pay, who need nursing care or instruction.

Services on a part time basis (with physician's orders) include:
- Skilled nursing care and/or treatment
- Physical Therapy
- Occupational Therapy
- Homemaker Home Health Aide Service

Services at no charge include:
- Maternal and child health guidance and instruction
- Classes for expectant parents (held in Manchester)
- Family health guidance with emphasis on prevention of disease and promotion of healthful living
- Regional immunization clinics yearly

916 visits were made by Miss Filleul, R.N. and Mrs. Ray, R.N. to Hooksett residents in 1972.

A diabetic screening program was held in May, 1972 for Hooksett residents, sponsored jointly by The Visiting Nurse Association, Lions Club and State Department of Health. 76 people availed themselves of this worthwhile service.

The physician, patients, family or a friend may call The Visiting Nurse Association for services and/or further information at 622-3781 Monday through Friday 7:30 a.m. to 4:00 p.m. Only necessary services provided on weekends and holidays.

HOOKSETT FIRE DEPARTMENT #1

During 1972 the Department hos onswered fifty-two alarms.

14 Grass and Brush fires
5 Car fires
6 House fires
1 Flooded oil burner
4 Truck fires
2 Electric motors
4 resuscitation calls
1 Mutual aid to Bow Rice Tires Co.
3 Mutual aid to Allenstown
2 Mutual aid to Pembroke
3 Mutual aid to South Hooksett
2 False alarms
2 Chimney fires
2 Stand by at Allenstown Station
1 Stand by at Pembroke Station
52

During 1972 Capt. Donald Botsford who inspects oil burners inspected the installation of seven oil burners. Four of these were rejected and had to be corrected and reinspected.

During 1972 our Department team won thirteen trophies in fire musters. Five of these were won ot our Sesquicentennial. I would like to thank all of those that were on the team.

We would also like to express our thanks to the Women's Auxiliary for their assistance during fires and also for the Christmas Party given to us and their gift to the Department of $100.00 towards cabinets for the radio room to keep all of our trophies together.

We are asking an increase on our 1973 budget. We ore having more fires and also have to replace some of our hose lost during the year. Some of the hoses are twenty-five years old and do not stand the pressure.

I also want to thank all the men for the time put into equipment and building and also those covering on the red phone ond for their donation of time on the last four fires so we would not go over on our budget. With the help of the State Fire Marshall Office we inspected schools, kindergartens and foster homes during 1972.

Report Of Forest Fire Warden

1972

Even though 1972 was a wet year, we had fourteen brush or forest fires. The worst fires were on April 29th on a Sunday forenoon. We had three fires at the same time. One in back of General Electric, one on Pleasant Street or Heads Hill and the other on Rte. 3A, near the Manchester line. In order to fight all of these fires help had to be called from Allenstown, Pembroke and Bow to stand by at the Village Station and Manchester to stand by for South Hooksett.

There were 232 fire burning permits issued. These permits are getting stricter every year to issue as the air pollution board has a lot to say about the kind of permit that is being issued. If rubbish is being picked up at your residence you are to place rubbish near the road for the rubbish truck to pick up and no burning is to be done. This is an air pollution rule.

As your Warden I have attended a State Forest Fire Training Session at Contoocook with all our deputy wardens.

Alfred Collerette,
Forest Fire Warden

Deputy Wardens:

Chief Alfred Collerette
Hooksett Fire Department
Hooksett, New Hampshire 03106

Dear Chief:

Would you please [illegible] my deep felt gratitude to the volunteers of the Hooksett Fire Department. Your quick arrival to our plant was probably the key to saving both the plant and the jobs of many employees.

We are all deeply indebted to you and your men. I am quite frankly amazed that this fire was able to be controlled. The damage appears to be between $75,000 and $100,000 due primarily to roof and wall damage. This, of course, is a minor loss when compared to the potential.

Please accept the enclosed check as a token of our gratitude.

Yours truly,

RICE'S INC.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned - 1972 season:

STATE	410 fires	361 acres burned
DISTRICT	90 fires	135½ acres burned
TOWN	14 fires	21½ acres burned

DISTRICT CHIEF
Robert J. Burton

FOREST FIRE WARDEN
Alfred Collerette

SOUTH HOOKSETT FIRE DEPARTMENT

ANNUAL REPORT

1972 again saw the Department breaking the record for the number of alarms during one year. A total of 79 alarms were sounded for a variety of fires. 21 of these were for building fires, of these 17 were of a minor nature or were stopped before they could develop into a major fire. Four were of major proportions and resulted in considerable loss to the property. 16 were for brush fires and eight were mutual aid assistance, two to Hooksett Village, two to the City of Manchester and two each to the Towns of Allenstown and Pembroke. The value of the property involved was estimated at $420,000.00 and the estimated loss was set at $42,300.00. A total of 1,354 manhours were required of the members in answering the alarms. 40 fires occurred during the daytime hours and 39 were at night.

We had two resignations during the year. Leaving the Department for personal reasons were Lt. Marcel Labonville and Edward Meserve.

Four new members were added to the roster. Having completed the training course satisfactorily, Wayne Dimick, Ronald Cote, Gilbert Robinson and Fred Marshey were appointed regular members.

After the resignation of our apparatus maintenance officer, Robert Labonville was appointed to this post and was promoted to the rank of Lieutenant.

Since we were fortunate enough to receive a better insurance classification for the Town thereby saving property owners a considerable sum on insurance premiums, we must begin to implement some of the recommendations made by the New Hampshire Underwriters. We must comply with these recommendations if we are to stay at the present classification. Paragraphs 6 and 7 are a start towards this goal.

As you will notice in the warrant, we are asking for one additional permanent man to man the station during the day hours. This has became very serious since we are now left with only the permanent man and Asst. Chief Boisvert sure of response to an alarm during the day.

One of the deficiencies noted by the Underwriters was that the Department was lacking on the availability of records. They recommended that we establish numerous records on personnel, equipment, etc. As of now we have no facility to maintain such records. We have therefor entered an article in the warrant asking for $3,000. to help pay the cost of the construction of an office to the north side of the station.

Our annual raffle for 1972 netted the Department a total of $478.00. Along with funds from two previous raffles we have started to refurnish the station meeting and living room. Purchased this year were four new divans and one chair finished in maple with leather cushions. Also purchased were two end tables, one maple dining table with six captains chairs. We hope to finish the refurnishing this year.

We would be remiss to end our report without expressing our thanks to the Ladies Auxiliary for all the help rendered to us during the year and also for the numerous items donated for the kitchen and living areas.

In accordance with the New Hampshire Statutes, Chapter 251 Laws of 1947, a total of 11 permits were issued for the installation of power oil burner equipment. Three of these required a re-inspection.

Parks & Recreation Commission

TO THE SELECTMEN AND CITIZENS OF HOOKSETT

This year the Parks and Recreation Commission completed a major ballfield improvement project at Donati Field. The Little League diamond was extended to the official 200' size, the dugouts repaired, and the parking lot enlarged. Regular maintenance and mowing of the ballfields, town parks and schoolgrounds was performed this summer by John Dufour, a teacher at Memorial School.

Response to our swimming lesson program in conjunction with the Manchester Red Cross Chapter was very pleasing. Transportation for the 103 enrollees to Livingston Pool in Manchester was provided by the Commission for three weeks of free lessons. Under the direction of Miss Kathy Gaw, the summer playground program was again highly successful. Kathy and her two assistants from the Neighborhood Youth Corps divided their time between Fraser Field and Donati Field with sports, games, and crafts for school-age youngsters. The program was highlighted by trips to Canobie Lake Park and Benson's Animal Farm.

For this coming year's project, the Commission is proposing construction of a double tennis court on the entrance road to Donati Field. Judging from usage of the existing tennis courts at Fraser Field, there is a definite need for these facilities in town. Another project for the coming year is the installation of additional playground equipment and landscaping at Fraser Field.

We would appreciate any suggestions from townspeople on future recreational facilities and new programs for the youth of Hooksett.

Bob Livingston, Chairman
George Longfellow
Ted Owen
Bob Vincent
Leon Pearson

APPRECIATION NIGHT

For many years the Town of Hooksett has honored those citizens who have given of their time, energy and talents to the cause of public betterment, at an annual Appreciation Banquet. These civic-minded citizens persevere and absorb the slings and arrows of criticism, or withstand the worst indictment of all - public apathy - because they know that no community stands still. It progresses or dies on the vine, and take your choice.

Ex-Selectmen honored during sesquicentennial celebration. 7 out of 10 living selectmen were able to appear.

Arnold Green, Jim Follansbee, Edward Higgins, Armand Roberge, Everett Allen, Dick Riley, Rutger Broek.

Bethel Advent Christian Church

184 Amherst Street, Manchester, N.H.

(Land) Pleasant Street, Hooksett, N.H.

Rev. David Crook, Pastor Tel. 669-6712

The Bethel Advent Christian Church of Manchester held its annual inspiring Easter Sun-rise Service on its lot of land on Pleasant Street, opposite Head's Cemetery. A similar service will be held this year on Easter Morning.

An all-faith Vacation Bible School was sponsored by the Advent Christian Sunday School and held at the Village School. Over 85 children from 5-14 years of age attended from July 10-21. A closing program for the public was well attended. Here parents and friends heard the songs, Bible verses and stories the children had learned and saw their handwork on display.

The Advent Church and Sunday School would like to publicly thank all the Hooksett residents who assisted in making the Bible School so successful. They also extend thanks to the Hooksett School Board for the use of the Hooksett Village School facilities.

Congregational Church of Hooksett

HOOKSETT, NEW HAMPSHIRE

January 28, 1973

Board of Selectmen
Municipal Building
16 Main Street
Hooksett, New Hampshire 03106

Gentlemen:

The year 1972 saw The Congregational Church of Hooksett pass through many stages of change and adjustments. The solidity of its present conditions is due to two great unchangeables: Man's unchangeable needs of God, and God's unchangeable ability to adequately meet man's needs.

The Rev. Michael Carmen presented, and had accepted, his letter of resignation as minister to the church. On his departure the church secured the services of Chaplain Howard D. Gould (VA Hospital Chaplain) as Interim Minister. The present minister was called and accepted the call as full-time minister beginning 1 November 1972.

The lack of continuity in minister leadership has to some degree hampered the effectiveness of several Church Boards and Organizations. Consequently some time must, of necessity, be spent in re-organizing and re-vitalizing these so the Church can again reach the level of effective participation in Community affairs which it has held for the last 145 years.

Our thanks to the Hooksett Town Officials, the Community Population and the Church Membership for the generous reception and support given to the new pastor and his family.

Sincerely Submitted,

John P. Nix

Hooksett, New Hampshire 03106

Gentlemen:

Holy Rosary Church has served our community since the year 1886. Although it is a Roman Catholic Church, its doors are open to persons of all races, nationalities and creeds.

There has been no change this past year in the schedule of our services. Every Saturday evening we have an anticipated Sunday Mass at 6:30. On Sundays, Masses are at 8:30 a.m., 9:45 a.m., and 11:00 a.m. On Holy Days, the anticipated Mass is at 7 o'clock the evening before and at 7:00 a.m., 5:00 p.m. and 7:00 p.m. on the Holy Days themselves.

I am very grateful for the co-operation of all the parishioners. Without them the parish could not be in the good shape it is in spiritually and financially. I am especially grateful to the Catholic Women Club; The Rev. Raymond J. Langlois post of the Knights of Columbus; the members of the Confraternity of Christian Doctrine; the members of the choir and organists; the ushers and the Knights of the Altar for special services rendered to the parish during this past year.

Besides being grateful for the fine co-operation of my parishioners, I am equally grateful to the various Town Officials who, among other things - to specify only a few - maintain our parking lot in good condition, dig the graves and bury our dead, help with the traffic in front of the church on Sundays, and also allow us the use of the Hooksett Village School for the 275 children of the parish receiving religious instruction on Sundays throughout the school year.

Let's keep working together as we have in the past and thus, not only will we bring our people closer to God but we will keep improving our parish and at the same time, improve the entire town.

Respectfully yours,

Rev. Ernest Bissonnette, Pastor

Hooksett Church of the Nazarene

Library Trustees' Report

This has been a most active year for your library staff and trustees. They have been active on local, regional and state levels keeping abreast of developments to bring the best in library service to the Town, participating at workshops, book meetings, state conventions and the Trustees Fall Conference. Mrs. Barrett, the newly elected Trustee, attended a Trustee Orientation Program designed to introduce new trustees to the work ahead.

The staff has presented a number of programs for the children from the conventional story hours and summer reading programs, to Christmas movies and craft workshops. Library service was also provided for nine weeks during the summer at the Underhill School for the children and those adults who accompanied them.

Mrs. Judith Kimball of the State Library Bookmobile Staff presented a history of witchcraft and a brief demonstration of one of the more widely publicized ceremonies, the Black Mass. Prior to the holiday season Mrs. Robert Andersen demonstrated how to make attractive candle holders of pine cone for Christmas decorations at a craft workshop. Early in the new year Sister Robert of Mount St. Mary College presented a colorful slide lecture on the "Four Seasons at the Mount" relating it to current environmental thinking.

The Roundtable, a monthly gathering for book discussion, continues its activities and many new participants came this year. Another enthusiastic group took to wheels and went on weekly bicycle tours during the Spring and Summer.

The Trustees on behalf of the Building Committee wish to thank Mrs. William Johnson for the money she raised for the Building and Equipment Fund by her six week course in cake decorating. Mrs. Ralph Johnson also generously donated her time and funds raised by the course on sewing which was co-sponsored by the Village School P.T.A. We wish to acknowledge the use of Town facilities for these activities in the absence of library facilities.

The Library arranged an exhibit at Mount St. Mary College for the Sesquicentennial Celebration taking the townspeople back through the years as seen through the eyes of the Arah Prescott Library. Mr. E. William Hyland and Mrs. Lloyd Robie are compiling a scrapbook for the Library of notes and pictures of the sesquicentennial activities to preserve them for the future.

The continued support of the Hooksett Woman's Club with its annual gift is greatly appreciated. This year a series of books on art was purchased with the funds. The children of the Town are enjoying a subscription to Wee Wisdom made possible by a gift from Mrs. Jesse Merrill. The Library enjoys supporting and the support of local artists who exhibit their work adding another dimension to library service.

The Trustees report the sale of an additional 34 copies of the Hooksett Historical Sketches which brings the total sold to 304 copies. Since this is a limited publication, we encourage anyone desiring a copy to get one soon.

The Trustees spent a great deal of time researching and exploring possible alternatives for library expansion at the request of the Library Building Committee. These alternatives were:

1. Renting space at Mount St. Mary College.

2. A joint effort with the School Board for a new structure combining a town and school library on Memorial School property.

3. The opportunity to purchase the Duracrete building.

While the townspeople already have access to the collection, Mount St. Mary College officials went a step further by approaching the Town through the Selectmen by offering a portion of the downstairs area of their Library for $7,000. annual rental. Since this did not solve enough of our problems, we continued to look for a more promising solution.

Talks with the School Board and Department of Education opened up the possibility of utilizing one unit for the town and school library. This most economical solution for both was contingent upon receipt of federal library construction funds which appeared imminent in the summer but disappeared with a Presidential veto.

The third alternative is the direct result of an offer by the Duracrete Block Company, Inc. to sell the property located at 1359 Hooksett Road. This proposal consists of an opportunity to lease and purchase this property, land and building, in five interest free

payments of $15,000. and a gift of $10,000. worth of building materials if needed. This building is fireproof, maintenance free needing no renovation and available for immediate occupancy.

The Trustees and Building Committee having explored all these alternatives, feel that the best buy for the Town is to purchase the Duracrete Block Building. For this reason Article 20 is in the Town Warrant for your approval.

Elizabeth McComish
Barbara Johnson
Nancy Barrett

Library Building Committee Report

For many years the Library Building Committee has been seeking an acceptable location and building for a new library. The 1968 study of the existing facility clearly indicates there are inadequacies in the Arah W. Prescott building. Since then the Committee has explored the possibilities of an addition, construction of a new library, and the renting and/or purchase of an existing building.

This year the Committee talked with officials of the Department of Education and the School Building Committee about a joint facility located adjacent to Memorial School. At first it appeared this could save the Town money in building costs and material duplication. However library construction funds were vetoed and this was no longer economical.

The Selectmen via the Building Committee directed the Library Trustees to meet with the Mount St. Mary College President and Librarians to discuss the feasibility of using a portion of the college facility for a library. Though there were a number of advantages in this cooperative effort, the basic problems of impractical space arrangement, steep stairs and parking could not be solved.

Late in the year the Library Building Committee was alerted to the possible sale of the Duracrete Building. The owner expressed keen interest when approached initially with the suggestion that the building would be most appropriate as the Town Library. The Committee met with Dante Donati, Corporation President, and his Controller, Gerald Paquette, toured the building and discussed costs and details of an agreement. The final proposal involves a total cost of $75,000.00 to be paid in five equal payments of $15,000. per year without any interest charges and a commitment to supply $10,000. worth of building materials if needed for expansion.

The Library Building Committee strongly recommends the Town purchase this property for a new Hooksett public library. This opportunity, available in 1973, offers the Town a fireproof building suitable for a library and centrally located on the Daniel Webster Highway. Your support of the library article is needed to make this a reality and to meet the needs of a growing community.

There is $1,885.29 in the Library Building and Equipment Fund which will be used to provide furnishings.

New members active on the Library Building Committee are Oscar Morin, Jr. from the Board of Selectmen, John Jacobs, Jr. from the Budget Committee and Mrs. Thomas Barrett, a Library Trustee.

REPORT OF PUBLIC WELFARE

Item Name	1972 Actual Budget	1972 Actual Expd.	1973 Prap. Budget
Old Age Asst. and Aid.	$7,500.00	$7,542.81	$8,000.00
Town Paar	$5,000.00	$1,999.73	$5,500.00
Soldiers Aid	$ 500.00	0	$ 500.00

Despite the fact that we had about the same number of needy families to assist this year as we did the previous year, the families were smaller and of a shorter duration.

An increase of $500 has been requested for Old Age Assistance and Aid to Totally Disabled administered by the State is obvious by the amaunt expended and a $500 increase is requested for Town Poor in case of an emergency which might arise as we had the previous year.

The Old Age and Aid to Totally Disabled programs are financed by Federal, State and Town Appropriations with the Town paying 25% for Old Age and 35% for Totally Disabled persons.

WATER COMMISSIONERS

Albert Beauchesne, Chairman	Term expires 1974
James Vallee	Term expires 1973
Roger Hebert	Term expires 1975
A. David Poisson	Term expires 1976

REPORT OF THE COMMISSIONERS

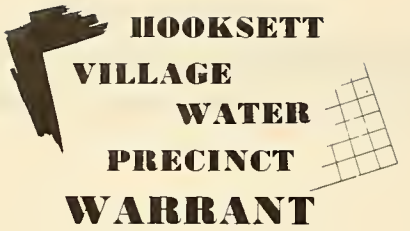

As of the end of 1972 the Precinct serves 439 customers. During the year the Precinct's boundaries were extended to include the sewerage treatment plant and the water system was expanded an additional 130 feet with the installation of a 6 inch main, at the developer's expense, on Morse Drive. Two new hydrants were installed to replace one old, defective hydrant and one damaged hydrant. The Precinct pumped 53,811,000 gallons of water, an increase of 538,000 gallons over 1971.

Funds have been allocated in the 1973 Budget to continue the Metering Program. In 1972 forty-eight semi-annual accounts were metered.

Plans for joining the Central Water Precinct and the Village Water Precinct have reached the funding stage. The estimated cost of $45,000.00 is to be shared equally by the Central Water Precinct, the Town of Hooksett and the Village Water Precinct. For the present this connection would be used for emergency purposes only. An Article has been placed in our 1973 Warrant for $15,000.00, one third the cost of this proposed connection, and this will be acted on by the voters of the Precinct at our Annual Meeting on March 17, 1973.

The Commissioners meet at the Precinct Building, 2 Main Street, on the last Monday of each month. Anyone interested in meeting with the Board may do so by contacting the Chairman, Albert Beauchesne, for an appointment.

BOARD OF WATER COMMISSIONERS

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE HOOKSETT VILLAGE WATER PRECINCT IN THE TOWN OF HOOKSETT AND COUNTY OF MERRIMACK IN SAID STATE QUALIFIED TO VOTE IN SAID PRECINCT AFFAIRS:

You are notified hereby to meet at the Precinct Building in said Precinct on Saturday the 17th day of March next, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Water Commissioner for the ensuing four years.

3a. To choose a Water Commissioner for the ensuing five years.

4. To choose a Treasurer for the ensuing year.

5. To see if the Precinct will vote to authorize its Board of Water Commissioners to extend its water main southerly on Route U.S. 3 to connect with the Central Hooksett Water Precinct's main which will be extended northerly on Route U.S. 3 to provide an emergency back-up system for both Precincts, providing the Central Hooksett Water Precinct and the Town of Hooksett shall each vote to join with this Precinct in defraying the cost of such connection after the cost of any Federal Aid the Town may receive has been deducted, in equal shares; to appropriate a sum not to exceed Fifteen Thousand Dollars ($15,000.00) as its one-third share of the cost of such connection; and to authorize the Board of Water Commissioners to raise said sum, not to exceed Fifteen Thousand Dollars ($15,000.00), by borrowing said amount, on the credit of the Precinct, by the issue of Serial Bonds or Notes under the provisions of the Municipal Finance Act.

6. To see if the Precinct will vote to authorize its Board of Water Commissioners to sandblast and paint the Precinct's standpipe and to authorize the Board of Water Commissioners to withdraw the sum of Three Thousand Dollars ($3,000.00) from the Repair and Replacement Fund for this purpose.

7. To raise such sums of money as may be necessary to defray Precinct charges for the ensuing year and make appropriations of the same.

8. To transact any other business that may legally come before said meeting.

The Polls will close at 4 P.M. The Warrant will be discussed at 7 P.M.

Given under our hands and seal this 29th day of January, in the year of our Lord nineteen hundred and seventy-three.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Commissioners
Central Hooksett Water Precinct
Hooksett, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Central Hooksett Water Precinct for the fiscal year ended December 31, 1971, which was made by this Division in accordance with the vote of the Precinct. Exhibits as hereafter listed are included as part of the report.

FINANCIAL STATEMENTS

Comparative Balance Sheets - December 31, 1970 and December 31, 1971: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1970 and December 31, 1971 are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by $12,119.60 in 1971, from $90,893.65 to $78,774.05.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Precinct is made in Exhibit A-2, with the factors which caused the change indicated therein.

These were as follows:

ANALYSIS OF CHANGE

Decreases in Net Debt:

Bonds Paid	$7,000.00
Long-Term Notes Paid	2,000.00
Net Budget Surplus	5,943.92
Increase in Accounts Receivable	56.50
	$15,000.42

Increase in Net Debt:

Surplus Used to Reduce Precinct Taxes	2,880.82
Net Decrease in Net Debt	$12,119.60

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1971, are presented in Exhibits A-3 & A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of $1,209.47, plus a net unexpended balance of appropriations of $4,734.45, resulted in a net budget surplus of $5,943.92.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures: (Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1971 is included in Exhibit B-1. Proof of the Treasurer's balance for the year then ended is indicated in Exhibit B-2.

Replacement Fund:

The activity in the special Replacement Fund account, which is in the custody of the Precinct Treasurer, is disclosed in Exhibit B-3. At December 31, 1971, the fund balance was $17,656.68.

Statement of Long-Term Indebtedness: (Exhibit B-3)

A statement of the outstanding long-term indebtedness of the Precinct as of December 31, 1971, showing annual debt service requirements, is contained in Exhibit B-3.

AUDIT PROCEDURE

The accounts and records of all Precinct officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the

accounting records and such other auditing procedures as we considered necessary in the circumstances.

GENERAL COMMENTS AND RECOMMENDATIONS

Unlawful Diversion of Unexpended Bond Proceeds:

During the fiscal year 1968 the sum of $1,681.02, which amount represented unexpended proceeds of long-term notes issued in 1966, was transferred to the Replacement Fund, in accordance with the vote of the Precinct.

In our previous reports, we indicated to your Board that the Precinct does not have the statutory power to authorize the disposition of such funds in this manner and, therefore, this vote was not valid. We directed your attention to the provisions of the Municipal Finance Act (Chapter 35, R.S.A.), which stipulate clearly that unexpended proceeds of such notes must be used to pay the principal of the outstanding notes as these mature unless otherwise duly appropriated by the Precinct for other purposes for which bonds or long term notes may be issued for an equal or longer period of time. We further noted that the Municipal Finance Act, as well as the Capital Reserve Fund Act (Chapter 35, R.S.A.), do not provide authority to issue long term notes or bonds to fund appropriations for replacement funds or capital reserve funds. Appropriations for a capital reserve fund may be raised only by taxation or by transfers from current surplus. There is no statutory authority in the Revised Statutes Annotated empowering municipalities to raise appropriations or transfer surplus funds to create replacement funds. We have repeatedly recommended that the funds transferred ($1,681.02) be returned to the Non-Revenue Fund and be applied towards the payment of the principal of these notes as they mature, in accordance with the law.

Our current examination revealed that this action had not been taken as of December 31, 1971. The failure of your Board to carry out our earlier recommendations in connection with this matter obviously has the effect of perpetuating the infraction of the law which was brought to your attention. We suggest that our recommendations in this regard be acted upon without further delay.

Replacement Fund - (Capital Reserve Fund) - $17,656.68:

This amount represents the aggregate sum of annual appropriations transferred to this account, plus the unexpended proceeds of long term notes of $1,681.02 (as stated in the preceding section) and accumulated interest on deposits thereof as of December 31, 1971.

According to the records of the Precinct, the purpose of this fund is to accumulate surplus money for the purchase, repair and replacement of existing facilities and equipment at a later date.

As we indicated earlier in this report, there is no statutory authority contained in the Revised Statutes Annotated that empowers municipalities to set up replacement funds. The Capital Reserve Fund Act (R.S.A., Chapter 35), however, provides authority to create capital reserve funds for the purchase or replacement of facilities and equipment. Such funds, however, may not be used for the purpose of repairing existing facilities or equipment. Funds for the latter purpose must be raised in the annual budget of the precinct. The law further provides that any capital reserve of a town, school district, or village district (precinct) shall be in the custody of the trustees of trust funds of the Town (R.S.A. 35:10). This requirement is mandatory and must be complied with in all instances.

With regards to the existing replacement fund, that portion thereof which represents unexpended proceeds of long term notes ($1, 681.02) should be returned to the Non-Revenue Fund as we explained previously; the balance remaining thereafter should be transferred to the custody of the Trustees of Trust Funds, in compliance with the law.

Basis of Accounting:

The accounts of the Precinct are kept on the cash basis of accounting, i.e., revenues are recorded when collected and expenditures when paid: The cost of plant acquisitions and improvements is charged to expense in the fiscal year in which disbursements are made. Perpetual inventory records are not maintained.

This report, however, was prepared on the modified cash basis; uncollected water rents have been set up in the Comparative Balance Sheets (Exhibit A-1)

Accounting System:

The general accounting system consists primarily of cash receipts and disbursements journals. General ledger proprietary and budgetary accounts are not kept. Similarly, subsidiary plant and equipment ledgers are not maintained.

Consequently, the accounting system is incomplete and does not provide adequate accounting over the resources and activities of the Precinct. For this reason, it is not possible to prepare meaningful and accurate financial statements of the precise financial condition or operating results of the Precinct.

Adoption of General Accounting System Recommended:

We again recommend the installation of a complete general accounting system, which will include all general ledger accounts and subsidiary ledger records necessary to reflect accurately the financial condition and operating results of the Precinct.

Conclusion:

The provisions of Chapter 71, Section 27-a, of the Revised Statutes Annotated, require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Precinct. The Exhibits included in this report may be published at the discretion of the Board of Sewer Commissioners, but this letter must be published in its entirety.

We extend our thanks to the officials of the Precinct for their assistance during the course of the audit.

Very truly yours,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

August 1, 1972

CENTRAL HOOKSETT WATER PRECINCT

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Central Hooksett Water Precinct for the fiscal year ended December 31, 1971.

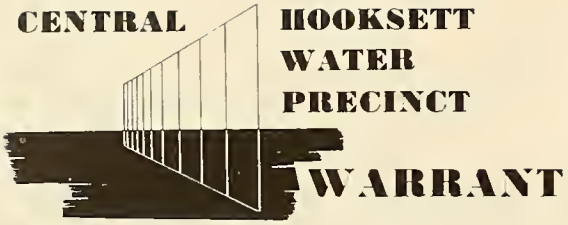

Our examination included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Exhibits presented herewith reflect the financial condition of the Precinct as of December 31, 1971, and the results of operations for the year then ended, resulting from cash transactions, on a basis consistent with that of preceding fiscal years.

In view of the fact that the accounts of the Precinct are not kept in accordance with generally accepted accounting principles applicable to enterprise funds of governmental entities, i.e., the accrual basis of accounting is not followed, inventories are not taken up, plant acquisitions are charged to expense rather than capitalized, depreciation on fixed assets is not recognized, the accompanying statements do not reflect fairly the financial condition of December 31, 1971 and the results of operations of the Precinct for the year then ended.

Respectfully submitted,

Frederick E. Laplante
Director
DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE CENTRAL HOOKSETT WATER PRECINCT IN THE TOWN OF HOOKSETT AND COUNTY OF MERRIMACK IN SAID STATE QUALIFIED TO VOTE IN SAID PRECINCT AFFAIRS:

You are hereby notified to meet at the Underhill School in said Precinct on Wednesday the 14th day of March next, at seven-thirty o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Water Commissioner for the ensuing five years.

4. To choose a Treasurer for the ensuing year.

5. To see if the Precinct will vote to authorize its Board of Water Commissioners to extend its water main northerly on Route U. S. 3 to connect with the Hooksett Village Water Precinct's main which will be extended southerly on Route U. S. 3 to provide an emergency back-up system for both Precincts, providing the Hooksett Village Water Precinct and the Town of Hooksett shall each vote to join with this Precinct in defraying the cost of such connection after the cost of any Federal Aid the Town may receive has been deducted, in equal shares; to appropriate a sum not to exceed Fifteen Thousand Dollars ($15,000.00) as its one-third share of the cost of such connection; and to authorize the Board of Water Commissioners to raise said sum, not to exceed Fifteen Thousand Dollars ($15,000.00), by borrowing said amount, on the credit of the Precinct, by the issue of Serial Bonds or Notes under the provisions of the Municipal Finance Act.

6. To see if the Precinct will vote to withdraw the sum of Six teen Hundred Eighty-one Dollars and two cents ($1,681.02), being the unexpended balance of the Precinct's 1966 Note Issue, from the Precinct's Repair and Replacement Fund and appropriate said sum toward the payment of the 1973 principal payment of said Note Issue.

7. To raise such sums of money as may be necessary to defray Precinct charges for the ensuing year and make appropriations of the same.

8. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 29th day of January, in the year of our Lord nineteen hundred and seventy-three.

"The Pinnacle is a small wooden hill which rises very abruptly to the heights of about 200 feet, near the shore at Hooksett Falls..... I have sat upon its summit.....when the sun was setting and filling the river valley with a flood of light..... The broad and straight river.....with its sparkling and foaming falls, the islet which divides the stream, the village of Hooksett on the shore almost directly under your feet..... The woodland lake at its western base and the mountains in the north and northeast, make a scene of rare beauty and completeness which the traveller should take pains to behold."
